EXPECT EARLY DECISION EITHER FOR PEACE OR WAR

Joint Conference of Coal Operators and Miners at Cleveland Expected to Reach Conclusion Quickly.

Cleveland, Ohio, March 19.—On the eve of the joint conference of representatives of the operators and miners in the bituminous coal fields of Western Pennsylvania, Ohio, Indiana and Illinois here tomorrow, it is said that it will be definitely known by the end of the first morning session whether there will be war or peace at the expiration of the present working contracts on March 31. Briefly stated the situation is this:

The operators demand a wage decrease.

The miners demand a wage increase.

The best either party hopes for is a compromise.

Bituminous miners all over the United States and Canada, 306,000 in number, will abide by the result of the present conference.

Whatever the result of the Cleveland conference, it will be at least thirty days before the actual outcome of the dispute can be definitely known. The miners will have to vote on their representatives' action. In case the miners' representatives declare for hostilities, this would mean a thirty days' suspension.

WANT QUICK ACTION.

Mine Workers' President to Stand for Demands of Men.

Indianapolis, Ind., March 19.—"We will stand out for the demands of our men and we want quick action," said John P. White, president of the United Mine Workers of America, as he prepared today to depart for Cleveland, where he and other representatives of the miners are to meet operators of bituminous coal mines in a wage conference tomorrow.

"There is little time for parley," added Mr. White.

"If we reach an agreement with the operators it must be submitted to the rank and file, probably through a convention. This takes time and our wage contract expires March 31. There must be no delay due to preliminary skirmishing by the committee of operators and miners."

SCARE IS SUBSIDING.

Anthracite Situation Viewed More Clamly in East.

New York, March 19.—There was a subsidence of the anthracite strike scare to-day and in consequence there was a falling off in the pressing demand for hard coal from frightened consumers.

The belief is gaining ground that both sides will reach an egreement and that if there is a suspenston of work on April 1 it will not last long. The operators say they are ready to confer with the men on any reasonable proposition and consider the situation from all angles. There are also reports from the hard coal region that the miners officials are ready to meet the operators half way. The report from the west that strike was read with interest but there was no comment made by the operators. Meanwhile the operators are said to be doing nothing toward preparing for a strike. Local hotels, hospitals and transit lines are well stocked with coal in operation for a long strike.

CONVENTION IS EXPECTED TO DO ITS WORK RAPIDLY

Indiana Democratic Leaders Gathering for Nomination of State Ticket on Thursday.

Indianapolis, Ind., March 19.—Democratic leaders from all through the state began arriving today for the state convention Thursday and though they filled the foyer of the Denison house, where the headquarters are housed the gossip was not of the character that preludes a convention to be marked by an exciting contest.

That the convention will move on oiled wheels and the business will be dispatched with unprecedented speed was the prediction of most of the politicians. The assurance that Samuel M. Ralston, of Lebanon, is to be nominated for governor and the expression of the state committee already on record that Indiana democracy is pledged to Gov. Marshall's candidacy for the democratic presidential nomination preclude any serious delay through competition for the greater honors at the disposal of the convention, it was said.

Lieut. Governor Frank J. Hall, of Rushville, has not withdr. n his name as a candidate for the gubernatorial nomination, but his friends do not expect he will get enough votes seriously to impede the success of Mr. Ralston as the roll call proceeds.

Six After Second Place.

The contest for the nomination of lieutenant governor will probably occupy more of the convention's time than any other. The arrival of Dr. T. D. Scales, of Boonville, and Leonard B. Clorse, of Johnson county, on the field brings the number of candidates to six; the others are Clay W. Metsker, Plymouth; W. P. O'Neill, Mishawaka; Jacob F.F Denny, Portland, and James W. Fortune, Jeffersonville.

Members of the state committee mingled with the local leaders from many counties today in the rooms of the various candidates and in the offices of Bernard Korbley, state chairman. The corridors of the hotel were placarded with the names of the aspirants for nominations, but not until tomorrow was it expected that the rooms and halls would be crowded with delegates.

The district meetings for the election of delegates to the national convention will be held at the state house tomorrow night. The resolutions committee will immediately meet thereafter. Delegates at large to the national convention are to be elected at the state convention to be called to order at 9 o'clock Thursday morning by the temporary chairman, Governor Marshall. After his speech United States Senator John W. Kern will take the gavel as permanent chairman.

BAD STOVEPIPE DID IT.

Sullivan, Ind., March 19.—Fire starting from a stove pipe, destroyed the furniture and undertaking establishment of McHugh and Padgett, at Shelburn, with a loss of $11,000. Only $1,500 insurance was carried on the stock. Fire of unknown origin, starting in a shooting gallery, burned four places of business at Dugger with a total loss of $8,000. The buildings were the Trinkle racket store, Dale's jewelry store, J. W. ceney's restaurant and the Smith ting gallery.

TAFT TALKS IN NEW HAMPSHIRE

President Says "Progressive is What Progressive Does."

PUT HIMSELF IN LIST

Manchester, N. H., March 19.—President Taft today gave New Hampshire his views on the recall of judges and judicial decisions and defined a "progressive." The president spoke at Nashua and in this city at length, and made short rear platform speeches at several small towns. In Nashua the president spoke twice, once in the Colonial theater on the recall, and later in the public square. The crowds were large and the cheering was frequent. The president's speeches in Nashua were along the lines of those delivered in Toledo and Chicago last week. He declared that the recall of decisions would make a government of special instances, the most erratic form of government that we can have.

Mr. Taft was introduced in the Nashua threatre by George G. French a local attorney who said:

"New Hampshire welcomed you three years ago when you were so highly recommended by Col. Roosevelt and she is glad to welcome you now."

In beginning his speech the president replied:

"Such a welcome is worth coming miles to hear. Progressive is what progressive does" said the president to the crowd in the Nashua public square and then he proceeded to show how his administration was progressive.

The Granite state weather authorities produced an ideal spring day, and so warm lay the sun in the Nashua square that the president was able to speak with his head uncovered and was perspiring freely when he finished his address.

It became known today that while President Taft has not sought to intervene in the anthracite coal deadlock, he is keeping in close touch with both sides and will see John Mitchell, at the white house this week.

NEW FORT WAYNE COMPANY.

Articles of incorporation have been filed with the secretary of state for the Northern Park company, of Fort Wayne, to install and operate amusement devices. The capital stock is listed at $3,000. The directors named are F. J. Franz, F. L. Siewert and John Black.

FOUND DEAD IN BED.

H. K. Wasson, Indianapolis Merchant, Dies Suddenly.

Indianapolis, Ind., March 19.—H. Kennard Wasson, president of H. P. Wasson & Co., owners of one of this city's largest department stores, was found dead in bed this morning at his home of heart disease. His death was entirely unexpected.

Mr. Wasson was unmarried and made his home with his mother. He was a son of the late H. P. Wasson founder of the Wasson company.

LOUIS VOLZ IS IMPROVING.

Lad Who Was Stabbed is Making Nice Recovery at Hospital.

The condition of Louis Volz, stabbed in a fight at the Metropolitan boling alleys Saturday night, is much improved today and without an infection of the wound there is nothing to prevent his complete recovery.

J. R. GARFIELD TO SPEAK HERE

Former Member of Roosevelt Cabinet Coming Friday.

HE SPEAKS FOR TEDDY

Hon. James Rudolph Garfield, of Cleveland, former secretary of the interior and a member of the famous Roosevelt "tennis cabinet," will come to Fort Wayne Friday evening to address a Roosevelt meeting to be held at the court house assembly room.

"Jimmy" Garfield is one of the chief lieutenants in the effort to land the republican presidential nomination for Mr. Roosevelt, and his coming indicates that the Roosevelt leaders intend using some of their heaviest artillery in the Twelfth district.

Announcement of the meeting Friday evening was made this morning by Louis N. Litman, who has charge of the Roosevelt boom in the Twelfth district. Mr. Litman has just returned from Indianapolis, where he held a conference with Edwin M. Lee, state organizer. Upon his return he expressed confidence that two Roosevelt delegates will be elected from the district.

Competitive plans for the new $60,000 bridge at Coombs street are on file in the office of the county auditor. Awards will be made March 28. Plans have been submitted by A. W. Grosvenor and George Japp of this city, and the National Bridge Company, of Indianapolis.

SCENES ALONG ICE-GORGED ST. MARY'S RIVER IN FORT WAYNE ON MONDAY AFTERNOON BEFORE VAST FIELD OF ICE MOVED OUT.

TO ASSAULT HEIGHTS WHERE ALLEN GANG IS ENTRENCHED

Squirrel's Spur in Blue Ridge Mountains Likely to be Scene of Desperate Battle Very Soon.

Hillsville, Va., March 19.—An assault upon the heights of Squirrel's Spur in the Blue Ridge mountains where Sidna Allen and a part of his gang now are believed to be entrenched, was planned early today by a posse of forty detectives reinforced by citizen volunteers, according to reports reaching here through Mount Airy, N. C.

Confident that they had located the outlaws, the detectives stretched a cordon around the base of Squirrel's Spur late last night and guarded every approach vigilantly as they waited for a survey of the surroundings by daylight before undertaking to close in. In the meantime a messenger had been sent hurriedly to Mount Airy, twelve miles away, calling for volunteers to aid in storming the position of the fugitives.

Allen Had Been There.

Interest shifted from the Devil's Den vicinity to Squirrel's Spur late yesterday when a large posse which had been scouring the mountains of North Carolina side barely missed catching Wesley Edwards, a nephew of the older Allens, at his cabin eight miles east of Sidna Allen's home. Edwards escaped through a back door. His sister told the officers that Sidna Allen, suffering from a severe wound, had been at the cabin during the day and had told Wisley to meet him at Squirrel's Spur last night. Taking Edward's trail the posse followed him to the rendesvous, arriving near the foot of the cliff about 10 o'clock. Not daring to do more in the dark the detectives placed themselves to prevent the possibility of an escape and waited. News that they have moved against the Allens is expected momentarily.

May Have Scattered.

Here in Hillsville the belief is growing that the fugitives, with a full day start on their pursuers, have separated and scattered into remote villages. They would not be recognized after traveling 25 miles in any direction. If they have fled in pairs, perhaps to reunite some where in North Carolina, West Virginia or Tenn see there would be no hope of immediate capture.

To determine this, refinitely, Captain H. W. Davant, of the state militia, is believed to be anxious to surround the mountains with 200 men and peer into every nook and crevice day after day stationing guards on the principal highways to cut off any food supply. At the same time every effort is being made to circulate good descriptions of the Allen among the county authorities of all neighboring states.

FERD MEIER IS DEAD IN GERMANY

Fort Wayne Man Succumbs to Heart Disease at Bad-Neuheim.

WAS WIDELY KNOWN

A telegram from Bad Neuheim, Germany at noon today announced the death of Ferdinand Meier, of this city, president of the Fort Wayne Builders' Supply company, and until a few weeks ago a member of the city park board. Death was due to an attack of heart trouble, suffered soon after Mr. Meier landed in the old country. Acting upon the advice of his physician, Mr. Meier sailed for Germany February 19 last, after having tendered his resignation as a member of the park board. He had been in ill health for the past two years.

Mr. Meier was forty-seven years of age. He was born in Germany, November 2, 1864, and came to America in 1887, coming directly to Fort Wayne, where he obtained employment as a blacksmith. Later he engaged in construction work and organized the Meier-Weise Construction company, located at 445 Wallace street. Mr. Meier at one time occupied a seat in the city council, representing the people of the Seventh ward. He was succeeded on the city park board by Prof. Louis Dorn, of Concordia college.

ONE MANGLED BODY ON ENGINE PILOT; FOUR OTHERS MILE AWAY

Theatre Party of Five Indiana Men Wiped Out When Train Strikes Surrey Near Ellettsville.

Ellettsville, Ind., March 19.—Five men in a surrey were killed outright by a passenger train on the Chicago, Indianapolis & Louisville railroad at a crossing near here early today. They had spent last evening at a theatre at Bloomington and were driving to Spencer where they were employed as glass blowers. They were:

MARTIN WORDEN, Louisville, Ky.
EMMETT WILLIAMS, Kansas City Mo.
ART FARMER, Summittville, Ind.
HAL BROWN, Spencer, Ind.
JESSE ROGERS, Spencer, Ind.

The engine struck the surrey squarely and splintered it.

Four of the men were thrown clear of the track, but the body of Worden was caught by the pilot of the locomotive and carried a mile and a half to this city. Train men went back to the crossing and found the torn bodies of Worden's companions. The two horses hitched to the surrey were not hurt.

The Old Story of the Early Bird

EDWARD LEWIS, one of the hustling road salesmen with the Van Arnam Manufacturing Co., realizes the truth of the lines from Saxe with reference to the fate of the early worm which

" • • • served him right—
It's not at all surprising.
The worm was punished, sir,
For early rising."

"I was in a quaint little old town in the southern part of the state last week, "related Mr. Lewis, "but I won't give you the name of the place because I have a good customer there, and he might not be so good if he knew I had told the story, as it doesn't speak very well of the liveliness of the place.

The town is a county seat, through, and as picturesque a place as you would care to see. It is enclosed by two pretty little streams, making it almost into an island. It could never be a big place, because it nestles cosily at the foot of surrounding hills and has been satisfied to nestle for lo, these many generations.

"Well, I had finished my work there but I couldn't get out until the next day, so there wasn't anything to do but to read and get sleepy and go to bed at the hotel. This I did and, as is my custom, I arose early the next morning and thought I would get out and see the beauties of the place before breakfast, which would be served, I supposed, along about 7 or 8 o'clock. When I stepped out on the street it was just 5 o'clock. The street was bare of human beings with the exception of one other man who came sauntering toward me as soon as he saw me.

"'What are you going to do?' he asked looking me over curiously.

"I couldn't think of anything to say, as I hadn't anything particular in mind to do, and, supposing he was making and idle inquiry, I returned an idle answer: 'I'm going hunting.'

"'No, look a-here, young fellow, don't get fresh,' he said, grasping my coat, you've got to give an account of yourself. Who are you and what do you want around here?'

"'Well, I commenced to realize that I was a suspicious character, so I asked the man who he was and what he wanted.

"'I'm the constable,' said he, displaying his star, 'and we don't let strangers run loose in this here burg at this hour in the morning without knowing what they're up to.'

"And, do you know, I had to identify myself and prove my good intentions before he'd loosen up on me."

Don't Get Fresh.

TAKES RAP AT SUPREME COURT

Underwood Says Income Tax Ruling Fosters Socialism.

FAVORS NEW EXCISE

Washington, March 19.—Oscar W. Underwood, democratic leader, supporting the proposed excise tax bill in the House yesterday, charged that the Supreme Court, by its annullment of the income tax in 1895, was responsible for the growth of socialism in the United States.

The pending measure, which probably will pass the House today is expected to raise between $50,000,000 and $60,000,000 a year in revenue for the government. Multimillionaires Andrew Carnegie, J. Pierpont Morgan and John D. Rckerfeller would be compelled to pay their full share of taxation under its terms, the democratic leaders declared.

"When the government had the right to tax wealth," said Mr. Underwood, "we did not hear the socialistic cry of those less able to bear the burden of taxation. The spirit of unrest came when the Supreme court abandoned its policy of 100 years and, five justices to four, said in effect to congress that great wealth was to be exempted from taxation."

Republicans Put Questions.

Mr. Underwood defended the measure under a rapid fire of questions from Republican Leader Mann. Representatives Madden of Illinois, Longworth of Ohio and Campbell of Kansas, all regular republicans.

A remarkable demonstration marked the speech of Representative Littleton of New York earlier in the day. He devoted more than an hour citing from court records to prove the constitutionality of the bill and urged its passage.

"I want to say that if we expect to tax the wealth of this country, as we ought to tax it," he said, "we must not stand paralyzed before this impending influence of the court. We cannot forcast the judgment of the court but we must not let that impede us.

Criticizing Decision.

"I do not want to be understood as railing at the judiciary," said Mr. Littleton. "I do, however, want to be understood as criticizing the supreme court's decision of 1895 on the income tax law, which cut off at one stroke three-fourths of the taxing power of the government."

When he had concluded practically the entire membership of the House flocked around him and it was with difficulty that order was restored. He was followed by Representative Clayton of Alabama; Covington of Maryland and Sweet of Michigan, democrats for the bill and Crumpacker of Indiana; Tower of Iowa and Malby of New York, republicans against it.

WAS LIFELONG RESIDENT HERE

George Shordon Dies at His Home in St. Joe Township.

VETERAN OF WAR

George Shordon, a veteran of the civil war and a pioneer farmer of Allen county, died at 12:10 o'clock Tuesday morning at his residence, in St. Joe township, seven miles northeast of Fort Wayne. Death was due to complications and followed a year's illness.

Mr. Shordon was born October 12, 1839, in Springfield township and had resided in Allen county all his life. During the civil war Mr. Shordon served as a member of Co. D, 88th Indiana volunteer regiment and he bears the distinction of having been one of the first privates to start with Sherman on the celebrated and historical march from Atlanta. The regiment to which Mr. Shordon belonged was also the last to leave the battlefield at Chickamauga.

The venerable soldier was one of the most prosperous farmers in Allen county. Surviving he leaves the widow and three children—Mrs. J. J. Walter, of Los Angeles, Cal.; Mr. Howard Shordon and Mrs. W. H. Lovell, of Fort Wayne. There are two grandchildren, Irma and Ina Shordon, of this city, and two sisters, Mrs. B. R. Noll, of Fort Wayne, and Mrs. Theresa Hoffman, of Denver, Col.

BUCK.

Miss Eva Buck, daughter of Mrs. Margaret Buck, of Detroit, Mich., and a daughter of W. S. Buck, until his death a well known resident of this city, died Sunday evening at her home.

Miss Buck was twenty-nine years old. She had been sick since last November and a stroke of paralysis a few days since, brought her sufferings to an end. Miss Buck lived in Fort Wayne the greater part of her life. She was educated in the public schools and afterwards became a successful teacher and held a position for several years in the Washington building. She was a member of the Plymouth church and was active in the young people's work and a favorite socially. Surviving relatives besides her mother are a sister, Mrs. Hamilton and several brothers.

The funeral will be held at the family home at 1283 Fourteenth street, Detroit, Wednesday afternoon.

BLEE.

Mrs. Henry J. Taylor, of 218 West Creighton Avenue, received a telegram today announcing the death at her home in Philadelphia of her sister, Mrs. L. F. Blee, her death being unexpected and sudden. Mrs. Blee is the daughter of Mr. and Mrs. William Baker. She left here about ten years ago for Philadelphia with her husband, who is engaged in the lumber business in that city. Surviving are the husband and three children. The sisters are Grace Baker and Mrs. H. J. Taylor, of this city, and two living at Peoria, Ill. There are three brothers, Alfred, Frank and John. The remains are expected to arrive here tomrrow for burial.

WHEELER.

Mrs. Sadie Wheeler, 26 years of age, 1314 Calhoun street, died this morning at the Hope hospital, where she was removed three days ago, suffering an attack of pneumonia. Surviving she leaves the husband, J. Hugh Wheeler.

FUNERAL NOTICES.

Allgeier—Funeral services for Martin Allgeier Thursday morning at 8:30 o'clock frm the residence, 504 Taber street, and at 9 o'clock from the St. Peter's Catholic church.

ROBBED MACHINE SHOP.

Burglars broke into the Noble Machine shop last night and stole about $10 worth of tools from two of the workmen. They pried open a door to gain entrance.

Theodore Wentz, cashier of the German-American National bank, who submitted some time ago to an operation at St. Joseph's hospital, was able to go home from the institution today.

HORSES ARE NOT ASSESTS IN CASE

Judge Wood Renders Decision in Bell Bros.—Heyman Suit.

TRUSTEE APPEALS

Sol A. Wood, referee in bankruptcy, has rendered a decision giving two horses valued at $4,000 to Bell Bros., requiring the trustee in the bankruptcy case of G. D. Waldrop, to relinquish possessin of the animals, which were held as assests in the case which was heard here some time ago. The case has been appealed by the trustee and the records go to Judge Anderson at Indianapolis, today.

The firm of Heyman Bros., of Edgerton, the petitioning creditors instituted bankruptcy proceedings against Waldrop who at the time had the horses in his possession, though a conditional sale and the trustee in the case declared that the animals should be valued among other assests. Bell Bros., who owned the horses were denied possession until the recent finding by Judge Wood.

Bankruptcy Petitions.

Petitions in bankruptcy have been filed in the local federal court by Clifton Walter, a farmer residing near Auburn, through his attorney J. E. Pomeroy. Liabilities are listed at $1,416.92 and assets at $235.

TO ASSAULT HEIGHTS WHERE ALLEN GANG IS ENTRENCHED

(Continued from Page One.)

the home of Stephen Williams, half a mile from her residence, which has been closed since Thursday, said she had no idea where her husband was. When told that Floyd Allen was still alive she expressed regret.

"I have no idea where Sidna went when he left Thursday. I only wish I did. I wish there never had been a gun made. I left our home the night this awful thing happened and my husband was still there and as I kissed him good bye he told me to do everything I could for our two little children and be kind to his dog and cat.

"I do not know if he is lying exposed with his wounds, perhaps starving to death. Regardless of what he did in the county court Thursday, I want to say that there never was a kinder or more loving husband and father. He has an awful temper. That was responsible for whatever he did.

Sidna Allen has two children, both girls, Margarite, aged ten, and Pauline, aged five.

"I do not believe Sid plotted to shoot the court officers," continued Mrs. Allen. "If I knew where he was I would go to him and nurse him. He is a good man, with many virtues and one fault—his ungovernable temper, which makes him a wild man when he is aroused."

Mrs. Allen inquired about the condition of Floyd Allen, now in jail at Roanoke. When told he was improving, she remarked: "Too bad he didn't die, dont you think?"

The opinion was expressed here today that the members of the detective posse, who were going in and out of Hillsville daily, are being used as a blind to throw the Allens and their friends off their guard. It is known that Chief Tom Feilz and at least a dozen of his men, all of whom are familiar with the mountain section here, have secreted themselves on hills and along the roadways over which they believe the outlaws are traveling on foot. The detectives say that none of the hunted men had horses when they left home.

JUDGE FAILS TO PATCH TROUBLES

Then He Acquitted Wahrenburg of Wife Desertion Charge.

FAMILIES LINED UP

After Judge Frank Mungovan had failed in the city court today to patch up the marital troubles of Ernest Wahrenburg he acquitted him of the charge of wife desertion for want of evidence to show that he had refused to provide for his better half.

The families of both were lined up in the case and took as much interst as the principals. It was shown that Mrs. Wahrenburg had told her husband she didn't want a man without a job, that she insisted on keeping a couple of boarders to whom he objected and that he had been ordered by his wife to leave the house and all his efforts to have her return to him were without avail.

Adam Rubin exhausted the patience of the court by his refusal to support his wife and he was given a fine of $1 and costs and sixty days in jail. This was suspended with the understanding that the first time he fails to pay the sum fixed by the court he will be sent over.

He has been obstinate in his refusal and spent several weeks in jail awaiting trial and stands to spend several more unless he obeys orders.

The Other Cases.

In the course of an argument with some switchman, Tony Phillipi, an Italian track walker for the Pennsylvania company, pulled his trusty gun. He was fined $5 and costs and his weapon ordered destroyed.

Al Gorman and Charles Van Gilder, plain drunks, were allowed to go.

The case against John G. Strasser for grand larceny was continued until tomorrow and Albert E. Thomas, former prosecutor, was engaged to help the defense.

GROUND IS BROKEN.

Ceremony for New St. Joseph Hospital This Afternoon.

Ground was broken for the new St. Joseph's hospital at 2 o'clock this afternoon, the honor of turning the first spade of earth falling to Rev. Father Thomas Eisenring, the hospital chaplain. There was but little ceremony. Rev. Father Eisenring offered a prayer, and then with a new shovel threw upon the wagon the first earth removed for the excavation. The day is the feast of St. Joseph and the patronal feast of the order in charge of the hospital.

The weather throughout the central and eastern states has continued warm and generally fair, although some showers are reported this morning from the Ohio valley, thunderstorms being reported from Evansville and Indianapolis.

Another cold wave, severe for the season, has appeared over the British northwest, and zero weather prevails this morning over North Dakota, northern Montana and the British northwest, with the lowest reading, 28 below zero, being reported from Prince Albert. This cold wave is spreading southeastward, preceded by some rain or snow. In this section some rain or snow is probable tonight, with temperature about freezing and the cold wave will be felt in this section by Wednesday or Wednesday night.

The Maumee was at a stage of 17.9 feet this morning, a rise of nearly four feet during the last 24 hours; it will probably rise slightly higher today, with a stage of 19.0 feet by Wednesday.

APPEAL TO REPUBLICAN VOTERS OF THE TWELFTH DISTRICT

Fort Wayne, Ind., March 19, 1912.

The Republican National Convention, to nominate a candidate for president, convenes at Chicago, June 18, 1912.

Whom shall we nominate? During William H. Taft's administration he has faithfully endeavored to carry out the policies of the Republican party, as declared by the platform adopted by the convention that nominated him. He has accomplished more towards the enforcement of the laws against monopolies and trusts than all his predecessors. Under his administration, the business of the country has prospered, and there has been no financial panics. He has proved himself honest, capable and fearless in the discharge of his duties. He is in sympathy with, and upholds our constitutional form of government in state and nation. He is opposed to the recall of Judges or judicial decisions. His capabilities and his administration has been commended by the leading statement and by Mr. Roosevelt.

Theodore Roosevelt, twice president, since his retirement from office, in a speech at Osawatomie, some two years ago, declared in favor of New Nationalism. He declared when president, and since, against a third term, and said he would not be a candidate for another nomination, and that he would not be a candidate in 1912.

RECALL OF JUDGES AND JUDICIAL DECISIONS.

In a speech at Columbus, Ohio, February 21, 1912, on the eve of announcing his candidacy for the nomination, he declared not only against the vesting of legislative power in the legislative department of the government, as is done by our federal and state constitutions, but he also declared in favor of the recalling of Judges and judicial decisions—a doctrine, which if carried out, would remove the keystone from our governmental structure. It would destroy the independence of the judiciary. It would allow an appeal from the decisions of the highest courts to the populace. It would put the Judge or the litigant on trial before the public to make defense through the newspapers and on the rostrum. It would make insecure those sacred rights of life, liberty, property, and the pursuits of happiness, guaranteed to every citizen by the constitution, and which are preserved and enforced by the Courts. It would give to the man of wealth and influence, who could control the public press and influence an election, the power over the individual who is poor or of moderate means. It would annul the constitution and laws in one locality and enforce them in another.

We quote Mr. Roosevelt on this question. In an article in the Review of Reviews, in September, 1896, in speaking of the attack on the Supreme Court, contained in the Democratic platform, Mr. Roosevelt said:

"Furthermore, the Chicago convention attacked the Supreme Court. Again this represents a species of atavism, that is, of recurrence to the ways of remote barbarian ancestors. Savages do not like an independent and upright judiciary. They want the judge to decide their way, and if he does not, they want to behead him. The populace experience much the same emotions when they realize that the judiciary stands between them and plunder."

ROOSEVELT ON RECIPROCITY.

It is said there is some opposition to President Taft on account of his advocacy of the proposed reciprocity with Canada. In a speech at Grand Rapids, Michigan, February 11, 1911, Roosevelt said:

"I feel that we are to be congratulated as a nation upon likelihood of obtaining a closer reciprocity of tariff and trade relations with Canada. Among all the powers of the earth there is none with which we should desire to be upon more intimate footing of equal rights, to which we should be more closely bound in relations of mutual helpfulness, esteem and good will, than in the case of our great neighbors of the north, whose prosperity and growth should be a matter of pride to all who dwell on the American continent.

"I welcome the proposed reciprocity treaty as making a signal advance in bringing about the closest and most friendly relations between the two countries."

Again, in a speech at a Lincoln dinner at the Waldorf-Astoria, February 13, 1911, Roosevelt said:

"I want to say a word or two on a couple of subjects outside of that to which I am assigned to speak. I was glad to hear the enthusiasm with which the members of this club responded to the two appeals of Secretary Meyer to uphold the hands of President Taft, both in his effort to secure reciprocity with Canada and to fortify the Panama canal. In addition to what the secretary said about reciprocity, I would like to add this point: It should always be a cardinal point in our foreign policy to establish friendly relations with other people. I hail reciprocity with Canada because it represents an effort to bring about more friendly relations between that country and the United States."

We believe the interest of the Republican party and the interest of the country demand the renomination of William H. Taft, rather than the nomination of Theodore Roosevelt for a third term, and we urge the republican voters of this district to elect delegates who are for the re-nomination and re-election of William H. Taft.

MOTION PICTURE MANAGERS HERE

Annual Convention is in Session at the Anthony Hotel.

BUSINESS NOT GOOD

Nearly one hundred members of the Indiana Motion Picture Exhibitors' league are in the city for the convention being held today and Wednesday at the Anthony hotel. While representatives of all parts of the state are in the city, the northern district is represented chiefly. The Fort Wayne committee in charge of the convention is composed of Joseph Bemmerschein, H. C. Heisler and Sprague Green.

The program opened at 2 o'clock this afternoon in the banquet hall at the Anthony, with H. S. Dickson, of Winchester, presiding. Owing to business Mayor Grice, who was to have delivered an address, was unable to be present and the business of the meeting was started immediately. Fifty applications for membership were received.

A banquet will be served at 6 o'clock this evening, after which the delegates will be entertained at a theater party at the Temple by F. E. Stouder, president of the Fort Wayne Lyric Theater company.

Wednesday's sessions will consist of open discussions of subjects of interest to the business. It is reported that the cold weather of last winter caused considerable loss to the trade.

Mr. and Mrs. Charles Weimer have returned to Fort Wayne after a year's stay at Rock Island, Tex., and will reside at 506 East Creighton avenue. Mr. Weimer was fomerly a building contractor here.

REFUSE TO COMPROMISE.

Bond Issue Opponents Will Insist on Vote.

Following the meeting held Monday night with Colonel D. N. Foster, chairman of the park board, leaders of the movement against the proposed $200,000 bond issue for the purchase of river banks, turned down the proposition to compromise and withdraw their objections if the figures named in the issue be lowered to $150,000. A meeting of the opposition was held after the first meeting in the office of C. W. Orr. Colonel Foster in addressing the meeting declared that if a compromise could be reached, the communication before the city council would be withdrawn and a new one prepared, embodying the changes suggested by Mr. Foster. Opposition leaders declare that they want the people to be given a vote on the proposition and will compromise in no manner.

RIVERS STILL SHOWING RISE

Rain in Prospect Likely to Send Streams Much Higher.

COLD WAVE COMING

Between the hours of 7 o'clock this morning and 12:30 this afternoon, the river guage in the Maumee river at the Columbia street bridge showed a rise of nearly one-half foot. The guage showed a depth of 18.3, or four-tenths higher than at 7 o'clock this morning when the guage stood at 17.9. The river will continue to rise at a rapid rate according to information furnished by Weather Observer Palmer, who declared that this section will be visited this afternoon and tonight by heavy rains, later turning to snow.

Thus far it is reported that no property has been seriously damaged by the high water, but if the present rate of increase continues many hours people residing in the low sections along the rivers may be compelled to move from the first floors of their dwellings.

The ice jam lodged in the St. Mary's river yesterday afternoon between the Clinton and Spy Run bridges moved down stream about 5:30 o'clock and did no damage. It is reported that practically all of the ice is gone from this source. An occasional large block of ice passed down the streams, but is not jamming at any point within the city.

The Morning Reading.

Conditions along the Maumee river are reported good thus far and the river is holding to its course. At 7 o'clock this morning the river guage stood at 17.9 three feet higher than at 7 o'clock Monday morning, and 6 feet higher than at the corresponding hour of Sunday. At 9 o'clock this morning the condition was at a standstill.

Weather Observer Palmer stated that the St. Mary's river is not as high today as it was yesterday at noon, although the weather was warmer and considerable thawing was in progress during the morning. It is expected that by evening a further rise will be noted.

Cold Wave Due.

Announcement is made from the weather observatory that a cold wave will arrive sometime tomorrow. There is a cold wave in the northwest and a temperature of 28 degrees below zero is reported from the British Northwest. Local predictions are that the temperature will not go below freezing tonight, but a big drop will reach this section tomorrow.

The warmest weather of the year was reported yesterday when the thermometer in the weather bureau registered 57 degrees.

INSURANCE MEN MEET.

Life Underwriters Feast as They Talk Shop at Wayne Hotel.

The regular March meeting of the Northern Indiana Life Underwriters' association was held at 1 o'clock this afternoon at the Wayne hotel and was attended by twenty-five members of the organization, representing the different companies throughout the northern part of the state. Instead of holding a meeting in one of the local offices, following the usual custom, the members were entertained at lunch. William P. Cooper, of the New York Life, newly elected president of the association, presided as toastmaster and addresses of interest to the agents were delivered.

It was agreed by all present that conditions throughout northern Indiana are in excellent condition. Those present expressed their satisfaction over business so far this year and declared that prospects for the ensuing year are good. Charles W. Orr, manager of the Aetna Life Insurance company in this city, chairman of the executive board of the National Association of Life Underwriters, announced that a meeting of the board has been called for April 16 and will be held in New York city to make arrangements for the annual convention of the national organization, which will be held at Memphis, Tenn., in October.

WILL HEAR ARGUMENTS.

Council Proposes to Take Plenty of Time on Bond Issue.

If plans formulated for hearing the discussion of the bond issue are followed out the city council will take plenty of time to hear everybody who has anything to say in the matter before finally deciding what to do.

A chairman of the committee of the whole will be appointed at the meeting tonight and the compromise proposition to reduce the issue to $150,000 will be heard. Members of the park board will be given first opportunity then the citizens from each ward will be called in from time to time.

INVESTIGATING MINER SCHOOL.

Health Board Has Had Number of Complaints About Building.

Dr. Eric Crull, secretary of the board of health, reported today that his board would make an investigation of the sanitary conditions at the Miner school.

A number of complaints about conditions at the building have been filed with the board and the investigation is to ascertain whether or not they are well founded.

HARMON IS RELEASED.

Anderson, Ind., March 19.—The Madison county grand jury convened today to investigate the killing of Theodore Eckels by Guy Harmon relieved Harmon of the responsibility for Eckels' death and the young man was released. Harmon asserted that Eckels first struck him with a wagon spoke and that he acted in self-defense.

There will be an important meeting of the "Taft Club" at the Anthony hotel, Thursday evening, March 21st, at 8 o'clock. All Taft men welcome. Bring a friend.

THIRTEEN SHARE IN THIS ESTATE

Henry Hockemeyer Left That Many Children When He Died.

WIFE HAS PROPERTY

Thirteen children will participate in the distribution of the estate of the late Henry Hockemeyer at the death of his widow.

During her life she has full control and is empowered to dispose of any property that may be necessary to insure her comfort but all that is left will be divided among the members of the big family.

No schedule was filed and the widow is not required to give any accounting of her administration.

Secured a Decree.

In the circuit court this afternoon Guy Hodgkins was granted a divorce from Cora E. Hodgkins.

Cases Are Dismissed.

The suit of Jacob W. Everding against the Bass Foundry and Machine company to recover damages for injuries was dismissed in the superior court today.

The same action was taken in the damage suit of John W. Watson against Edward and Henry C. Ortman. Watson asked damages for being struck by an automobile.

Mastraino Case to Be Tried.

Preparations are being made to begin at Auburn on next Monday the trial of Ralph Mastraino, charged with killing Joseph Tania on July 5 of last year. He will be defended by Attorney Phil B. Colerick.

Admitted to Practice.

Miss Anna B. Short has been admitted to practice law at the Allen county bar. She has lived here some time and will probably take up active practice of law here.

CYCLONIC STORM SWEEPS ILLINOIS

Severe Blow With Much Damage is Reported from Greenville.

MANY TOWNS CUT OFF

Terre Haute, Ind., March 19.—Word that a severe cyclonic storm had swept over the central part of southern Illinois was received here shortly after noon today in a request to local officials of the Vandalia railroad to rush a special train carrying all linemen on the main line to Greenville, Ill.

It was reported that the storm had uprooted telegraph poles, torn roofs from houses and box cars and badly crippled the telephone and telegraph lines in that section. Western Union an Postal linemen have been sent from St. Louis, it was reported. Points between Greenville and Stubblefield cannot be reached by wire.

ONE CHILD GETS ALL.

Logansport, Ind., March 19.—The will of the late Hannah Orwin, who died recently at her home in Clay township, was probated in the local court yesterday. All the property, real and personal, was bequeathed to her daughter, Catherine May Orwin, who cared for her during her illness with paralysis. The other children are not to share in the will for the reason that they had already received their share.

Degree of Honor lodge, No. 20, will hold an important meeting in the Aldine hall this evening.

A Woman's Happiness

Dr. Baker in The Household.

A woman's happiness, if she be normal in mind, depends on her health, for perfect health makes any woman or girl beautiful. Few women have peach-bloom cheeks or cherry-red lips. Those that have such beauty marks are healthy. How many do we see that are acnemic, colorless, thin, cold to the touch, with a long train of feminine ills that wears out their nervous system, making them unattractive and unlikeable, unless they be gifted with divine goodness of soul. Nearly all homliness in women comes from a derangement of the metabolism, which may occur in childhood, but most frequently in young womanhood. Metabolism is the process by which the cells and blood of the body is renewed and wasted. We physicians who understand this process know by actual demonstration that any woman or girl can change her acnemic, colorless, scrawny body and face into one of plumpness and healthful color, by the simple process of drinking a German chemist's aid called "metabolinum," twice daily for a few weeks and thereafter two or three times a week. Metabolinum is concentrated and sold in pint bottles by the leading pharmacists in the larger cities and is rather too expensive, perhaps, for the poor, who need it the most, but society women, actresses, actors, public speakers, musicians, singers, both male and female, are now drinking it regularly to sustain the nerves and preserve the beauty, which is so important to their calling. Metabolinum concentrated in pint bottles—which diluted with water makes a gallon or more—retails at one dollar and twenty-five cents. It contains no alcohol or narcotic drugs and I feel free to recommend it to any one whose system needs a "builder" and tonic, because it is never advertised.

YOUNGSTERS GET LOOSE AND SKIP

Town Marshal at Payne Lost Fort Wayne Boys After a Long Chase.

ARE COMING HOME

Claude Mathews, fifteen, 620 East Jefferson street, and George Kappel and Eugene Smith, lads about the same age, living in the same neighborhood, didn't mind returning home after they found that these juvenile jaunts into the wide, wide world are not half as good as three square meals and a place to sleep under the parental roof, but they didn't want to return home in the custody of the town marshal of Payne, Ohio, so they got loose from him this morning and skipped.

He chased them as far as Edgerton and lost them and notified Chief Abbott, who had instructed him to bring the boys back home. The boys ran away yesterday and got as far as Payne, where they sustained their first attack of nostalgia. They didn't know what it was and probably would have called it plain homesickness, but the doctors call it the fancier name.

Last night they were picked up by the marshal and confessed they were not real bandits, but just plain runaway boys and the local police department was notified. The parents asked to have the boys returned and this morning the marshal took them to his home and gave them a chance to primp up a bit.

He left them waiting in the parlor while he got ready and the humiliation of marching home in the custody of an officer was too great so they ran for it and got away. They are probably on their way home, but are not being convoyed by an official.

DEMOCRATS PASS EXCISE TAX BILL

Many Republicans Line Up for New Income Measure.

THE VOTE IS 240 TO 41

Washington, March 19.—The democratic excise-income tax bill passed the house unamended this afternoon by a vote of 249 to 41. Many republicans voted for it.

An outburst of applause from the democratic side accompanied the announcement of the vote and was renewed when it was learned that 79 republicans had voted for the measure. There were no democratic votes against the passage of the bill. The bill would extend the existing corporation tax law to include a tax of one per cent on the yearly net incomes of all firms or individuals in excess of $5,000. The democrats declare the tax is one on "doing business" despite the fact that it would include salaried people and claim it would bring in sufficient revenue to offset the estimated loss of $60,000,000 resulting from putting sugar on the free list. The free sugar bill already has gone to the senate. The excise tax bill will be sent to that body tomorrow.

NO FRILLS AT FUNERAL.

Wealthy Farmer in Deathbed Request Bars Hearse and Undertaker.

Anderson, Ind., March 19.—In compliance with a deathbed request of Hugh Nealis, 80 years old, who died late last night, no undertaker will have charge of his funeral, and no hearse will bear the body from the funeral to the cemetery.

Rev. Mr. Unthank, of Alexandria, will conduct the services in the manner of fifty years ago and following the service the body, encased in a plain pine box, will be hauled by a neighbor in an ordinary farm wagon to the Moonsville cemetery, where burial will be made. Mr. Nealis was considered one of the wealthiest farmers of his vicinity.

RIVER CLAIMS VICTIM.

Indianapolis, Ind., March 19.—Edward Shafer, 17 years old, was drowned in White river near Riverside park yesterday, while trying out a new canoe. Guy Graham, 20 years old, who also was in the canoe, was able to swim ashore. The accident is attributed to the young men's ignorance of canoes.

Indigestion

Causes Dizziness, Nervousness, Sick Headache, Sleeplessness.

MI-O-NA STOMACH TABLETS BANISH ALL MISERY, GAS AND SOURNESS.

You know that most of the ailments named above come from an out of order stomach; of course you do.

When your food reaches the stomach it should digest and furnish nutritious matter to the blood.

If it doesn't digest, but lays heavily on your stomach, it has started to ferment.

CAN'T SLEEP.

When it ferments it sets loose in the stomach, poisonous gases which irritate the great pneumogastric nerve that leads directly to the brain from the stomach.

That irritation causes heartburn, dizziness, nightsweats, nervousness, and other ailments.

MI-O-NA will end all stomach misery, or money back. A large box costs only 50 cents and is sold by Meyer Bros. Co. and druggists everywhere.

SOON LEAVES HOSPITAL.

Little Ida Couts to Go to Home in Kendallville This Week.

Kendallville, Ind., March 19.—Little Miss Ida Couts, daughter of Mr. and Mrs. James Couts, who has been at the St. Joseph's hospital at Fort Wayne for many weeks, and is now able to take all nourishment through her throat, will be brought home some time this week.

When she was first taken to the hospital she was obliged to take food through a tube inserted in her side. For several years she had been a sufferer as the result of drinking a quantity of lye, in infancy. Her parents were not financially able to have the child placed in the hands of a specialists where the proper treatment could be administered.

The case was finally taken up by the charitable people, with the result that the little sufferer is now a well girl and will soon be able to mingle with home playmates.

Young men are wearing Mackinaw coats in all the large cities. See the line we placed on sale this morning.

CURBING THE "PATENT TRUST."

Amendment of the patent laws to prevent the extensive monopoly practiced under cover of the statutes as disclosed by the decision of the supreme court in the A. B. Dick company case, is almost certain to result from the pronounced activity now displayed at both ends of the capitol.

Bills having this purpose were introduced in the house last June by Representatives John A. Thayer, of Massachusetts, and Irvine Lenroot, of Wisconsin. Edward B. Moore, commissioner of patents, is drafting a bill which will be introduced by Senator Norris Brown, of Nebraska, and will be taken up for discussion next week by the senate committee on patents.

President Taft recently received a petition from Peter Cooper Hewitt, Thomas A. Edison and other eminent inventors asking for an investigation of the patent laws by a committee of congress and complaining of the acts of corporations, which they hold stifle competition.

The Inventors' guild, composed of such men as Ralph Merhon, who is president of the association; Mr. Edison, Mr. Hewitt, Michael I. Pupin, Charles A. Bradley, H. Ward Leonard, John F. Kelly and others, has determined to engage in an active crusade against what is termed the "patent trust."

The guild claims that frequently a perfectly worthless patent is used to cloak or hide an essential trade monopoly. The petition says the constitution authorizes congress "to promote the progress of science and useful arts by securing to inventors for limited periods the exclusive right to their discoveries," but that modern corporations have devised a system of protective patents for the specific purpose of preventing further advance in the field in which they operate.

Representative Thayer in discussing his bill before the house judiciary committee used the motion picture business as an illustration of how the patent monopoly operates. He said the companies controlling the cameras licensed certain manufacturers to sell reels of films only to certain theatres that had taken out licenses granted by the owners of the patents. Though the films were not patented the cameras used in taking the films were patented and by this means the theatres were restricted from using any other films.

After the Motion Picture Patents company was organized in February, 1909, and took over practically all of the competing manufacturers, reels of motion pictures were leased for periods of only seven weeks for a price greater than that for which they were formerly sold. The revenue of the patents company was said to exceed $1,000,000 a year.

THE PRESIDENT AND PRIMARIES.

President Taft, in his declaration at Boston for preferential primaries for the presidency under proper safeguards, made it perfectly clear that the followers of Colonel Roosevelt cannot confidently expect to reap the advantage of finding the president invariably on the opposite side of new angles to popular questions as they may arise.

The president, in short, made it clear that he isn't afraid to trust his chances with the voters of his party if he can be assured of the sort of a square deal that Mr. Roosevelt has been preaching since the days when he occupied the presidential chair. He is insisting, however, that any sort of primary save one about which is thrown all the safeguards of the general election cannot be expected to fairly record the popular will, and that he doesn't propose to take his chances unless a free vote and a fair count is guaranteed in advance.

Senator Dixon, who, as Roosevelt's campaign manager, recently issued what was in effect a challenge to the president on this issue, will probably be able to extract but very little satisfaction from the president's attitude. It was doubtless believed that the president could not be induced to depart from established conditions to this degree and that as a consequence the cause of the colonel would be vastly enhanced with the very large and constantly growing constituency which is moving for the primary system in the nomination of officials from constable to president. Mr. Taft makes it clear that Senator Dixon will have to come again.

Now that Arizona is safely within the statehood fold and can do as she pleases about it regardless of the president, she proposes to tack an amendment to the state constitution providing for the judicial recall which President Taft long held against Arizona as a bar to statehood. Governor Hunt, in his first message to the Arizona legislature yesterday, asked that body to submit the question again to the people at the next regular election. It will be recalled that Arizona accepted statehood without the recall in the constitution, but made no promises regarding future action upon the question.

Announcement is made that Colonel Roosevelt is to deliver pre-convention addresses only at what he terms "strategic centers," and that Indiana is not on the list. Two weeks ago, with the activity in the Roosevelt ranks, Indiana looked like the original Roosevelt state. But since that time the president's friends have gotten so busy that one suspects Mr. Roosevelt begins to regard Indiana as something of a lost cause.

Just as the general public has convinced itself that it has almost forgotten the Lorimer case, attorneys for the Illinois senator file a brief in the action, which shows that the blonde Illinois statesman doesn't believe in quitting until the thing is decided.

In recommending Prof. H. E. Barnard, Indiana chief chemist, as his successor, Dr. H. W. Wiley, the pure food apostle who resigned a few days ago, demonstrated that he hasn't forgotten where a lot of mighty good men, including himself, come from.

It may be that the Major Ray case has been framed up just at this time as an anti-Taft sideshow, but that will not account for a lot of funny doings which the double mule team pull of the major appears to have been directly responsible.

THE PROBLEM OF THE FEEBLE-MINDED.

Feeble-minded persons are those who lack one or more mental traits that are socially important. All defectiveness is a persistence of an infantile condition; a failure of development of certain socially important traits. Putting aside the old legal definition of a feeble-minded person—that he was a person who could not count or number twenty pence, or could not tell who was his father or mother, feeble-mindedness as ordinarily understood consists in an aggregation of the defective traits that are socially important, and that it exists in all degrees. Any of the defects may occur alone, or two or more of them may be found together in one individual, and such defectiveness is often not recognized as such, but it is the multi-defectives who constitute the main problem of the feeble-minded, or those who are socially inadequate. Among the well-known defects possessed by many individuals are word-blindness, figure-blindness, color-blindness, etc., or number-defectiveness, attention-defectiveness, memory-defectiveness, emotion-defectiveness, moral-defectiveness, and these defects are in general hereditary, and are the result of corresponding defects in the germ plasm of the parents. If both parents be mental defectives the combination of the germ cells will almost certainly result in a feeble-minded child. This interesting and most important subject is discussed editorially by the Journal of the American Medical Association, which comments on a recent article by Dr. Charles B. Davenport in the Popular Science Monthly.

In prehistoric times these defectives were controlled by the elimination of those incapable of meeting the ever-increasing complexities of civilization. Death from cold and hunger of those who had not acquired the trait of hoarding supplies, or by violence, of those who did not respect the property rights of others, eliminated many. Today we have reversed this process of elimination of the unfit animal strains. We protect in institutions scions of weak stocks up to the period of reproduction, and then set the individuals free with the result of producing large numbers of feeble-minded, who in turn are carefully nurtured up to the reproductive period, are again set free to reproduce, and so the stupid work goes on of preserving and increasing our socially unfit trains. Some way must be devised to eliminate these defective family lines or they will prove disastrous to society. The eugenists have recognized this defect in our humanitarian methods, and are already endeavoring to reconcile or conform those methods to the requirements of eugenics, which seeks to eliminate the feeble-minded and defective by the propagation of the fit only.

CORPORATION—CO-OPERATION.

(Pittsburg Dispatch.)

Waynesboro, Franklin county, Pa., is under strong suspicion of being as economic and sociological example. It claims a population of 10,000 now. It had 7,199 population in 1910, a gain of 36 per cent from 1900 and nearly 100 per cent more than 1890. Of the population 2,700 are skilled workmen in its mills, and of the 1,600 shareholders in these enterprises 1,350 reside in the town, nearly all being workers.

In other words, the capital and labor in these establishments are practically identical. The men who direct the operations and the men who do the manual labor are joint owners and share the dividends alike. The ownership and the work being in the same persons, it is difficult for employers and employed to get into a deadlock, and they never have succeeded in doing it. The town is prosperous. Two-thirds of the people own their homes. There are few destitute, and not a single millionaire.

This is an illustration of practical co-operation, but it is more. It is an example of the corporation applied to its legitimate uses. The corporations there have been managed by men who did not use their means and industries to enrich themselves. They do not make exorbitant profits, but they pay steady and safe dividends. Workingmen put their savings in the corporations that employ them with full assurance that they are not buying inflation.

The Dispatch has often held that the corporation system, scrupulously managed, furnishes the ideal form of co-operation. This case seems to verify the claim.

NEW YORK'S RECALL OF RATIFICATION.

(Chicago Record-Herald.)

It is admittedly an open question whether a state which has ratified a proposed amendment to the national constitution has the right to change its mind and recall its ratification before the amendment is declared duly approved. That a state which rejects an amendment can subsequently ratify it—that, in other words, rejections do not count—is well established, and some lawyers and others argue that the rule should work both ways.

Only the supreme court can decide whether a ratification is revocable, and some day it will be necessary to determine that question. We hope, however, that the test will not come as a result of action by New York recalling its ratification of the pending income tax amendment.

The assembly has voted to recall that ratification, but the senate may kill the resolution. It should certainly do so. There is no merit in the resolution. New York is a very rich state, and would undoubtedly pay a large share of any national income tax; but where would be the injustice in that? We are a nation, not a mere federation of states, and a New Yorker is first of all a citizen of the United States. Moreover, New York's wealth is not all produced there—it flows into the state in golden streams from every direction. The south, the far west, the great Mississippi valley; the mines, timber lands, railroads, factories, mills plantations of the whole country contribute to the incomes of men who reside or "rest" in New York. Does the California or Montana man who spends his millions in gay Manhattan spend New York money? Would his income tax "rob" New York?

ASKS RETURN OF REV. W. A. GRIEST

Simpson Church Wants Him as Pastor for Another Year—Dr. Beatty Also.

CONFERENCE IN 1913

Important and interesting matters of business were transacted at the meeting of the quarterly conference of the Simpson M. E. church held Monday evening at the church, the last of this conference year.

The North Indiana M. E. conference will meet on Tuesday of next week at Wabash and the Simpson church, at its quarterly meeting last evening, voted unanimously to extend an invitation to the conference to meet in 1913 at the Simpson church in this city.

It was also unanimously voted to ask the return as pastor for another year of Rev. W. A. Griest, who has served so efficiently. The return of Rev. J. A. Beatty as district superintendent was also requested. Both requests, without doubt, will be granted.

The reports made by the officers of the church for the year were of a most encouraging character, financially and spiritually. They showed sixty-eight new members taken into the church during the year. The membership is now 400. The Sunday school enrollment is 542 and the average attendance is 250. During the year $11,000 was paid into the church treasurer. This includes the amounts paid on the new church edifice.

The election of trustees and the board of stewards took place at the meeting last evening. With a few exceptions they were the same as those of last year.

NEW POLISH PARISH.

Bishop Alerding Advised of Desire of Poles at LaPorte.

Rt. Rev. H. J. Alerding, the bishop of the diocse, has been advised of the desire of the Polish population of La Porte, which is quite large, to have a church and pastor of their own in that city. This action on their part was taken at a meeting of the Polish Alma Mater society, held last Saturday evening and with the bishop's cooperation it is desired to organize a Polish parish in LaPorte. The parish can start with one hundred families.

The Polish members in that city now worship in the St. Joseph's and the St. Peter's churches, both of which are taxed to their capacities. The Polish people are constantly increasing in numbers and hence the necessity of a church for their special purpose. A Chicago priest will visit that city on Sunday, March 31, and then the final steps for an organization will be taken and committees appointed. The Poles will not only have their own church and priest but also their own parochical schools.

FIRST SERMON WAS INSPIRING

Philadelphia Pastor Begins Gospel Meetings at Grace Reformed Church.

HAD LARGE AUDIENCE

The Easter evangelistic services of the Grace Reformed church, which are to continue for two weeks, began under most encouraging circumstances Monday evening, the lecture room being well filled and the meeting a most interesting and inspiring one. The pastor, Rev. A. K. Zartman, had called to his assistance this week his brother, Rev. R. C. Zartman, D. D., of Philadelphia, and

REV. R. C. ZARTMAN, D. D.,
Philadelphia Divine, Assisting in Services Here.

he preached the sermon last evening.

The visiting divine is the pastor of the First Reformed church at Philadelphia, having been in charge of the congregation there for the last twenty-one years. He is an able pulpit speaker and his sermon last evening was a most helpful and interesting one. His theme was "The Receiving of the Holy Spirit," and he held his audience interested throughout its delivery. He will speak each evening this week.

One of the pleasing features of last evening's service was a vocal selection given by the young men's quartet of the church. Services are held this evening and tomorrow evening and the program for the rest of the week is as follows:

Thursday evening—Young people's evening. All Endeavorers and young people of the church especially invited.

Friday evening—Children's evening. Children of the families and of the Sunday school, together with the parents, especially invited.

Saturday evening—Dr. Zartman's lecture. Subject: "Travels Through the Holy Land."

Sunday — Special service for the young people and children at 9:30 (Sunday school hour.) Sermon by Rev. R. C. Zartman at 10:30 and 7:30.

THE LAETARE MEDAL.

Great Honor Conferred on Layman by Notre Dame University.

The University of Notre Dame has conferred the Laetare medal this year on Thomas Maurice Mulry, a banker of New York city, for heroic devotedness to works of charity. The medal is given to some Catholic laymen for distinguished services to church, country, arts, letters, science, civilization and humanity. Mr. Mulry was thought worthy of the distinction for his extraordinary interest in the relief of humanity, while at the same time he was actively engaged in large business enterprises and was acting as president of a large bank.

Mr. Mulry was president in 1909 of the National Conference of Charities and Corrections. He is a member of the state board of charities and corrections. He is a member of the state board of charities of New York and has been for many years president of the superior council of the St. Vincent De Paul society. The mayorship of New York city has been repeatedly offered him but he has declined the honor. Excepting a decoration from the pope himself the Laetare medal is the most important decoration which a Catholic layman in this country can receive.

SOCIETY

Mrs. George A. Philbrick and her sister, Mrs. George Jacobs entertained ten ladies at a luncheon today at the home of Mrs. Philbrick. The table was in yellow and white with a basket of daffodils in the center. Another touch of the sunny color was seen in ribbons tied to the handles of white nut baskets. Mrs. Wishard catered for the luncheon which was served with elegance in appointment.

Hot Potatoe Salad.

A hot salad to be served at luncheon is prepared by putting four thin slices of bacon into a frying pay and cooking slowly until all the fat is tried out. To this is added four tablespoonfuls of vinegar and the pan drawn to the side of the fire, while four hot boiled potatoes are cut into slices or small dice. The vinegar dressing is poured over them, they are seasoned, turned out on a hot dish, sprinkled with finely chopped parsley and served as an accompaniment to fried sausages.

Little Puff Puddings.

In a saucepan heat one-half pint of milk. When steaming drop into it two tablespoonfuls of flour blended to a paste with two tablespoonfuls of butter, and stir gently until it dissolves; draw forward and continue stirring until the mixture is very thick and has boiled for about three minutes. Take from the fire, add two tablespoonfuls of sugar, a pinch of salt, two tablespoonfuls of sifted bread crumbs, a scant half teaspoonful of any desired flavoring and two eggs slightly beaten. Half fill buttered muffin pans and bake in a moderate oven.

Beauty Seekers Praise Canthrox

"Since soap and many prepared shampoos have been found injurious to the hair," writes Mrs. Mae Martyn in the Boston News, "beauty seekers who are interested in having beautiful, abundant hair are taking rapidly to the use of a teaspoonful of canthrox dissolved in a cup of hot water for shampooing.

"No other shampoo seems to be so good, as the cleansing lather which canthrox makes—removes dirt, dandruff and stops scalp irritation immediately, while it adds luster and soft fluffiness to the hair. It will not cause fading, brittleness, streaking or dullness, but produces only beneficial and most pleasing results. This simple shampoo will prove a great boon, especially to the woman who does her own shampooing. It is also becoming decidedly popular with hair-dressers."

CONVOCATION BEGINS MONDAY

Scottish Rite Masons in the City for Spring Sessions.

A VERY LARGE CLASS

The annual spring convocation of the Ancient Accepted Scottish Rite of the Valley of Fort Wayne began this afternoon and will continue three days. Fort Wayne will be visited by Masons from all parts of northern Indiana, many of whom will remain in the city until Friday, attending the ceremonial session of Mizpah temple, A. A. O. N. M. S.

It is announced that the class this spring is unusually large. Beginning at 2 o'clock this afternoon, degrees up to and including the thirteenth will be conferred. Work of the sublime and mysterious degree of perfection will begin at 7:30 this evening. The fifteenth and sixteenth degrees of Darius council, Princes of Jerusalem, will be conferred Wednesday morning and will be followed in the afternoon by the work of Emanuel Chapter of Rose Croix, conferring the seventeenth and eighteenth degrees.

The regular banquet will be served at 6 o'clock Wednesday evening under the direction of the banquet committee, composed of Myron Downing, Ed. C. Miller and W. S. Sponhauer. The banquet will be followed by the work of the Fort Wayne consistory, conferring degrees from the twenty-first to the twenty-eighth, inclusive. The twenty-ninth, thirtieth, thirty-first and thirty-second degrees will be conferred Thursday, closing the convocation.

Ceremonial Session.

The convocation will be followed Friday by the ceremonial session of Mizpah temple, A. A. O. N. M. S., at which time a large class of pilgrims will join the caravan at 4 o'clock for the journey across the hot sands. The banquet will be held at 8 o'clock in the dining hall of the Scottish Rite cathedral.

The business meeting will be held at 10 o'clock Friday Morning for the purpose of receiving petitions. It is expected the class will number more than one hundred members.

AT THE MAJESTIC.

"LET GEORGE DO IT"

The Breezy Musical Comedy Thursday, Friday and Saturday.

"Let George Do It," the breezy musical frivolity that has won much praise in eastern cities, will come to the Majestic theater for three nights and Saturday matinee, commencing Thursday, March 21st. The piece is based on the cartoons of Geo. McManus, that have been popular in the New York World and St. Louis Dispatch. In the play, "George" is a janitor, and he is, as in the pictures, always the "goat." He is made to do unreasonable things that are designed for the single purpose of creating laughter. Geo. P. Murphy, who was formerly seen in this city as the original German waiter in the "Newlyweds," has the part of "George," and he plays it with the same tongue twisting dialect that delighted theater goers when he exclaimed "Oh, for goodness sake." The piece is in four big scenes, and the picturesqueness of the settings is enhanced by novel electrical effects. Sixteen big musical numbers are rendered throughout the action of the play. Mr. Murphy is supported by a company of more than fifty people.

THE LATE MISS MATTIE ABBOTT.

(Farmington, Me., Chronicle.)

Mattie Abbott, daughter of the late William T. Abbott, of Fort Wayne, Ind., and earlier of Farmington, died at Portland on Sunday, February 25, after a very short illness, which terminated in pneumonia. She was taken ill only the Thursday morning before and pneumonia developed Saturday. On Saturday afternoon her sister, Mrs. C. P. Merrill, of Skowhegan, was notified and Mr. and Mrs. Merrill drove to Fairfield that night to take the midnight train, reaching Portland about 1 o'clock in the morning. The decease came very suddenly and unexpectedly in the early forenoon. Mr. and Mrs. Merrill arrived in Farmington Monday afternoon with the remains and service was held at half past 1 o'clock in the Congregational church, Rev. R. H. Clapp performing the last rites. The body was put in the tomb at Riverside. The pall bearers were her cousins, Abbott, William F., H. A. and Daniel B. Belcher.

Miss Abbott's father was a brother of the late A. H. Abbott, of this village; her mother was Miss R. Brenda Whittier, of Hallowell, and was married to Mr. Abbott in 1849. The larger part of Miss Abbott's life was spent in Fort Wayne, Ind., but after the death of her father she came to Farmington and remained several years. While here she learned telegraphy and thus came into contact with many of our citizens, who found her always a courteous and obliging lady. For several years she had been in Portland.

CLUB VOICES APPRECIATION

Fortnightly in Expression to the Messrs. Foster.

FOR NEW PARK SITE

At the regular meeting of the Fortnightly club, held at the home of Judge Walter Olds, on West Berry street, Monday evening, a resolution expressing the club's appreciation of the gift of land which S. M. Foster, who is a member of the Fortnightly club, and his brother, Colonel D. N. Foster, have just made to the city for use as a public park and congratulating them upon the public spirit evidenced by the gift.

It was also moved that the resolution be spread upon the minutes and that a copy be sent to both Mr. S. M. Foster and Colonel D. N. Foster. The resolution reads as follows:

Whereas it has come to the knowledge of the Fortnightly club that one of its members, Mr. S. M. Foster, has, in conjunction with his brother, Mr. D. N. Foster, presented the city of Fort Wayne the munificent gift of an extensive public park;

Therefore, be it resolved that the Fortnightly club hereby expresses the honor which this act of one of its members, unprecedented in this city, has reflected upon it. Such donations on the part of public spirited business men who have been successful in the accumulation of wealth, stand as conspicuous examples of the very highest ministrations of capital, and are, in the opinion of the Fortnightly club, worthy of all emulation. The club extends to Mr. Foster and his brother its hearty congratulation, and further expresses the belief that no act of their business career will bring them larger returns in the way of personal satisfaction than this.

Time Is the Test

The Testimony of Fort Wayne People Stands the Test.

The test of time is what tells the tale. The public soon finds out when misrepresentations are made, and merit alone will stand the test of time.

Fort Wayne people appreciate merit and many months ago local citizens publicly endorsed Doan's Kidney Pills; they do so still. Would a citizen make the statement which follows unless convinced that the article was just as represented? A cure that lasts is the kind that every sufferer from kidney ills is looking for.

Joseph R. Sunderland, 650 Putnam street, Fort Wayne, Ind., says: "I feel justified in recommending Doan's Kidney Pills, which I procured from Meyer Bros. Co.'s drug store. I suffered for several years from a kidney weakness, coupled with severe pains in my back. Since I used Doan's Kidney Pills I have been in much better health and my kidneys have caused me very little trouble." (Statement given December 1, 1908.)

YEARS LATER.

On June 30, 1910, when Mr. Sunderland was interviewed, he said: "The benefit Doan's Kidney Pills brought me has been permanent. I have not had any pains or aches during the past year and a half."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

WILL POINT WAY TO ROAD REFORM

Experts in Washington Are Preparing Bill for Indiana.

URGE STATE CONTROL

Washington, March 19.—Work for the coming Indiana legislature is planned by the office of public roads of the department or agriculture. It is proposed to put up to the general assembly a plan for a model system of constructing public roads. A bill will be drafted in Washington and sent to Indiana advocates of highway improvement, in the hope that they will be able to prevail upon the legislature to enact the measure into a statute. The bill will embrace all of the features of a model road law.

A few days ago the office of public roads issued a statement that was calculated to make the Hoosier breast swell with pride. It showed that Indiana has more miles of improved roads than any other state in the union.

It is explained at the office of public roads, however, that any expansion of the Hoosier breast on account of this statement would be premature. While it is true that Indiana leads in the mileage of improved highways there are roads and roads, all called "improved," but some hardly deserving of such characterization.

Subject of Jest.

In other words, Indiana has a perfect abundance of the worst so-called improved roadways in the country, according to the Washington authorities. Many of the Indiana roads, although put in the "improved" class because they have had a little gravel sprinkled over them, are a subject of jest and merriment at the office of public roads. They are counted as very little, if any, better than the old-fashioned "dirt" highway.

The trouble with Indiana road building, as explained at the department of agriculture, is that the road builders fail to mix any science with their work. Creek gravel is dumped in haphazard fashion on the road-bed, leaving the leveling to be done by traffic. The result usually is a bumpy-bumpy road that is far from satisfactory.

Uncle Sam's scientific road-building experts say that the Indiana plan of permitting road taxes to be worked out is at the very root of the defects in the Indiana system. The bill which they propose will do away with that archaic method of road building.

Open Door to Graft.

They declare that it opens the door to graft and waste in the most appalling degree, at the expense of the roads which, it is claimed, are benefited to the extent of less than 50 per cent of the amount that is supposed to be expended on them. It is asserted that corporations farm out the contracts to work out their taxes, that the contractors are adepts in making terms with road officials and that the roads get no more than a lick and a promise. Thus, it is claimed, the large expenditures provided for roads in Indiana is misdirected and the results are not at all what they should be.

The bill, which will be offered to the State Legislature, will embrace all of the features which have been demonstrated by experiments to be helpful in road construction. Briefly, it will provide a way whereby the same science and orderly system that are used in building city streets may be applied also to the construction of country roads.

Provides Department.

Uniform plans and specifications will take the place of the present method of permitting each farmer to haul his own gravel and dump it as he pleases. It will provide for a department of highways under the state government and a state highway engineer, and for an appropriation by the state to aid the counties in building roads, such aid being available only when the counties agree to pay a specified proportion of the cost. Road building generally throughout the state will be under the supervision of the state highway engineer and standard specifications will be strictly followed.

The department of agriculture hopes, by agitating the question, to accomplish important reforms in Indiana road-building methods. There are many public-spirited men in Indiana who are alive to the defects of the present system and they will be appealed to in an effort to make an impression on the legislature.

PRESCRIPTION Cures Piles for 10c or 25c

Thousands give praise after being cured from Itching Piles, with a simple preparation that can be procured at any drug store for 10 or 25 cents. All you have to do is to lay down a dime or a quarter and say I want Plex. You will find Plex entirely different from anything else you ever used. It's so simple, so sure and so scientific. It will allay itching piles in one night, and is as harmless as water. You will find Plex delightful after shaving and to keep the skin smooth and pliable.

FOR THE COMPLEXION. The safest way to brighten the yellow, sallow, muddy, pimpled skin is to cure the cause. Ask your druggist for a 10 or 25 cent package of Plex Complexion Pills, take them so as to get the alterative effects. Especially adapted for ladies and children.

Itch! Itch! Itch!

What long nerve-racking days of constant torture—what sleepless nights of terrible agony—itch—itch—itch, constant itch, until it seemed that I must tear off my very skin—then—

Instant relief—my skin cooled, soothed and healed!

The very first drops of D. D. D. Prescription for Eczema stopped that awful itch instantly; yes, the very moment D.D.D. touched the burning skin the torture ceased. A 25c bottle proves it.

D.D.D. has been known for years as the only absolutely reliable eczema remedy, for it washes away the disease germs and leaves the skin as clear and healthy as that of a child.

All other druggists have D.D.D. Prescription—go to them if you can't come to us—but don't accept some big profit substitute.

But if you come to our store, we are so certain of what D.D.D. will do for you that we offer you a full size bottle on this guarantee—if you do not find that it takes away the itch AT ONCE, it costs you not a cent.

RESNRRECTED OLD LICENSE.

Columbus, Ind., March 19.—Miss Sapsie Branham, daughter of George Branham, of Hope and Columbus Herron of the same town, eloped yesterday to Clifford and were married by Justice Barb, of that place on a license issued three years ago.

The couple obtained a marriage license from Former Clerk Carter three years ago on which no return was received and the clerk made the following entry: "License supposed to have been destroyed." Yesterday County Clerk Cox made the following entry: "License undoubtedly resurrected."

When the couple were granted a marriage license they went to the girl's home to be married, but the father of the girl took possession of the license, thus preventing the wedding. It was given out that the license had been destroyed but later it was recovered by the couple, who taking advantage of the absence of the girl's parents eloped.

C. A. Glossner, 24 Ontario St., Rochester, N. Y., has recovered from a long and severe attack of kidney trouble, his cure being due to Foley Kidney Pills. After detailing his case, he says: "I am only sorry I did not learn sooner of Foley Kidney Pills. In a few days' time my backache completely left me and I felt greatly improved. My kidneys became stronger, dizzy spells left me and I was no longer annoyed at night. I feel 100 per cent better since using Foley Kidney Pills." Tonic in action, quick in results. Try them. FARMERS PLAN WORK FOR YEAR

C. F. Hubler is Chosen Chairman of County Institute.

A PROSPEROUS YEAR

At the annual meeting of the Allen County Farmers' Institute association held Saturday at the assembly room of the court house, C. F. Hubler was unanimously elected chairman for the ensuing year and G. W. Coleman was elected secretary. Arrangements were made to hold eleven institutes during the year as follows:

Leo, R. R. Wyatt, chairman; Allen Warner, secretary. Townley, J. Baldwin, chairman; R. J. Money, secretary; Jasper Jones, treasurer. Hoagland, G. W. Coleman, chairman; E. F. Koeneman, secretary. Scipio, Clarence Brush, chairman; Dan Drivers, secretary. Arcola, O. Bird, chairman; George Vanhouten, secretary. Wallen, William Baird, chairman; F. E. Moore, secretary. Sheldon, M. M. Wellbaum, chairman; W. E. Springer, secretary. Harlan, R. R. Murphy, chairman; Oscar Boulton, secretary. Woodburn, Mark Ashton, chairman; N. J. Kybunz, secretary. Huntertown, P. D. Parker, chairman; George V. Kell, secretary. Poe, Marion Smith, chairman; William Beck, secretary.

Owing to the absence of Chairman Kybunz, the newly elected chairman, Mr. Hubler presided at the meeting. A report submitted showed that institutes were held during the year just closed at Poe, Sheldon, Harlan, Woodburn, Leo, Arcola, Hoagland, Wallen and Townley. The rules of the association allow institutes to be held in any township having a farmers' organization of twenty-five or more paid-up members and state speakers will be furnished. All organizations have reported a membership except Townley and Wallen. These two places have since organized.

The largest membership is reported from Sheldon, which has 105 members: Harlan comes second with a membership of 80; Leo, 45; Woodburn, 52; Arcola, 46; Hoagland, 45; Poe, 40. The largest number attending any one institute during the year was 506 at Harlan. Nearly 300 attended the institute held at Sheldon. The total membership is 430 and the total of attendance for the entire county was 1,950 for the year just closed.

A Simple Way to Reduce Wrinkles

(From the Home Maker.)

Remember that wrinkles and bagginess of cheek or chin are due to the muscular tissue losing its strength and shrinking. The skin is then too large in area to fit such tissue smoothly. It wrinkles or sags.

To remedy this condition there's nothing so effective, so quick-acting, as a simple wash lotion easily made at home. Get an ounce of powdered saxolita at your druggist's, and a half pint witch hazel, mix the two and bathe your face in the liquid. This at once tightens the skin and solidifies the underlying tissue—which, of course, smoothes out the lines and draws in the sagging skin. It also stimulates circulation, bringing natural color to faded cheeks.

Their Newness is Not Their Only Charm—These Novel Towels

Buying towels—each, one complete and individual—off the bolt—think of it! Yet that is the way these newest of the new towels come. They are woven in a strip, like damask napkins, with a tiny thread marking the division for cutting.

They just came in yesterday, and we know every woman who loves beautiful napkins will want to see them.

The linen is of beautiful quality, and the designs exquisite. The manner of weaving makes it possible to finish the ends according to one's own fancy—to scallop, hemstitch, or plain hem.

Some of the borders have medallion pattern for initial or monogram; and there are other lovely borders. These towels are marked at $1.00 each—really very reasonable considering the extra size, and the most unusual quality. (First Floor.

MONROE W. FITCH & SONS AGENCY BUY LARGE FARM.

A deal has just been consummated whereby the Fitch & Sons agency come into possession of 336 acres 6½ miles from the Million Dollar Beet plant, at Paulding county, Ohio.

This farm has three sets of buildings, is perhaps the best tiled farm in Paulding county and is uniform black soil. The farm produced during 1911 in crops along 22½ per cent on $150.00 per acre or $50,400.00 which is price of the farm. Statement of the amount of sugar beets, corn, oats, wheat and timothy seed produced can be seen at the office of the above agency.

A physician, who without doubt, performs as many or more surgical operations than any other doctor in our city, said in the presence of the writer at the annual state meeting of the Educational association held at the Wayne club, that the young man of today had no chance on a farm, as compared with the opportunity in the city, mentioning the chances that the young man had in the steel industries and other occupations. He also stated in the same speech that if he had a son who had been unfortunate enough to have been raised on the farm and had not enough ambition to get away before he was twenty years of ag. that h would think him a fit subjct for a lunatic asylum.

Th 22½ pr ent interest made on the farm bought by the above agency shows that the learned surgeon was altogether wrong in all of his statements in speech referred to above.

The writer was raised on a farm until he was twenty years of age and is sure that there is no place on earth for the young man where the advantages are so great and no place where the profits are so surely guaranteed from the start as on the farm, whether the young man has large or small capital.

Everything that boys need for spring wear is sold here at proper prices.

ANOTHER CHANGE IN THE SCHEDULE

Dr. Carson Will Give Terre Haute One of the Holiday Games.

PLAYERS TO REPORT

South Bend., Ind., March 19.—Although there has been no official announcement of the fact it is certain that there will be another change in the Central league schedule for the reason that Terre Haute will not be content until it gets a holiday date.

Dr. Carson is back at his office and is in correspondence with the officials of his league and as soon as consent is obtained to the switch he proposes it will be made public.

More than 350 players under contract to play with clubs in the Central league were this week notified to report to the twelve cities composing the league between March 29 and April 1. Seventy of these men will come to South Bend, fifty as candidates for the South Bend club and twenty as members of the Grand Rapids organization, which will train at Notre Dame university with the collegians. The big squads of the twelve clubs composing the league will eventually be cut to fifteen men each, the limit allowed by the constitution of the league. Practically all of the clubs have heavy schedules of exhibition games and it is expected that by April 10 over half of the men reporting for trials will have been released. The balance of the surplus material will be cut loose by April 20. When the season opens, April 25, each club must have arranged to go through the season with teams that will command no more than $2,000 a month in salaries, this limit having been adopted by the league directors after several strenuous sessions at Cincinnati, Grand Rapids and Fort Wayne.

The holdout army of the league has dwindled down to less than a dozen men, three of whom—Jenkins, Biery and O'Leary of Erie—have been suspended.

With the exception of Wheeling every club in the circuit has completed arrangements for what is really expected to be the banner season of the league. Wheeling is having trouble over the location of a Sunday baseball park, but this probably will be satisfactorily adjusted within the next few days.

At Grand Rapids Owner Annis is building a new park at a cost of $10,000 and improvements are being made in the parks at Dayton, South Bend and Youngstown. The improvements are being made so as to make it possible to conform to the ruling of the league, whereby a standard admission price of 25 cents will be charged. In practically all the parks additional fees of from 25 to 50 cents will be charged for reserved seats this year.

In line with the business enterprise displayed by the magnates this winter every club owner begins the season with the understanding that dilatory practices such as have been practiced in past years will not be tolerated by the league executive. Club dues must be paid promptly on the first and fifteenth of each month and players who are five days in arrears of salaries will be expected to notify the league president of the fact. He will at once take steps to see that their money is immediately forthcoming, a guarantee of $2,000 posted by each club with the league head providing for just such emergencies.

The league will begin its season with a clean slate so far as finances are concerned. All of last year's losses, totally $8,000, have been taken care of by an assessment levied against the clubs of the old Central, the same having been forwarded to President Carson, who has taken up the notes against the league directors.

The four Central league managers who claim South Bend as their home are already in the cities where they will attempt to give their fans pennant winning teams. Angus "Danger" Grant having established headquarters at Terre Haute; E. J. "Goat" Anderson, having gone to Wheeling; Ed Smith, manager of Grand Rapids, and Harry Arndt of South Bend, are conducting their work from this city. Punch Knoll, manager of Dayton; Willis Kelley, head of the Zanesville club; William Phillips has reported to Youngstown, Lee Fohl to Akron, Charles O'Day to Springfield and Ed Gremminger to Canton. The other managers will report during the coming week.

Out-door duds for the windy, rainy season.

CANTON AFTER A QUARTET OF MEN

Dickering for a Catcher and Two Pitchers and a Shortstop.

WILL COMPLETE TEAM

Canton, O., March 19.—If four deals now on can be consummated, the squad from which the Canton Statesmen will be chosen will be practically completed, at least until a month or so after the opening of the playing season. Then more men may be secured from the discards of the major league teams.

The men sought are two high class pitchers, a catcher who can travel with them and a shortstop certain to be of Central caliber. President Yost and Manager Gremminger have been negotiating for their transfer to the Canton club for some time, but so far they have not succeeded. Yet they are of the opinion that the deals can be pushed through.

"When good men are concerned the time required to land them is longer than of men of less ability were the objects," says Yost. "This is only a natural condition, for such men are sought by more than one club and are unwilling to sign up at the first terms offered. In addition the present owners are loath to part with them without considering all offers carefully.

"But I feel certain that the additions to the Canton club will be made in time, and when they do come the fans will be tickled. With the four stars, or near-stars we are now after the squad will practically be rounded out for the training season. Nothing in detail can be given out yet, for we would be in an embarrassing position, if the deals should fall through."

The addition of two flingers will make nine on the squad, enough to furnish Manager Gremminger sufficient material from which to pick his regulars. If the two new men yet to come and O'Connell expected to sign up before the opening of the training season, can measure up to the Central league standard, the fight for the other one or two positions on the pitching staff will be keen.

Granting that these three can earn berths, the most likely among the others would appear to be Bugs Dye and either Jeff Holmquist or Gotshall, the Wooster university man signed Saturday. Dye is expected by the club owners to pitch great ball this season, as he declares he is in the best of condition and ready to stay so. Roberts, Seckel or Rapp may prove surprises, especially if the latter has recovered the full use of his arm.

That the pitching staff of the Statesmen will have to be considerably stronger than that of the Drummers last season is the opinion prevailing among the Canton fans. The step from the O.-P. into the Central to them means faster ball in all departments, and especially in the battery work.

Manager Gremminger returned to his work on one of the moving vans of the Canton Storage and Transfer company Monday morning after a lay-off of two weeks, caused by the minor injuries he sustained when a traction car bumped into the wagon.

HOIST PENNANT MAY 7.

Springfield Will Oppose Dayton in Flag Raising Game.

Dayton, O., March 19.—May 7 has been fixed as the day for raising the Central league pennant and Springfield will be the opposing club. Preparations have been started for the event and big crowds are expected from here and Springfield.

This is just the weather you should lay aside your heavy overcoat and put on one of our stylish spring garments. Prices, $10 to $35. Slip-ons $3.50 to $18.

OVERLOOKED FOR SEVERAL YEARS

RUDOLPH SUMMERS.

Here is a player who pitched good ball in the Central league three seasons before he gained the recognition he was entitled to and all the time the major league scouts were looking hard at every left hander in the minors.

Finally Summers landed with Dayton after three seasons with Terre Haute and demonstrated what he could do with a good team behind him and he was picked up by a major league club and turned over to Chattanooga.

He is a player of good habits and a hard worker and with youth to bank on he will probably develop into a good portsider with a little more experience. Punch Knoll was the first manager he ever worked under who could teach him anything.

TURNS DOWN AN OFFER.

Cleveland, O., March 19.—An offer by a local promoter of a $15,000 purse for the next Kilbane-Attell fight on July 4 was turned down today by Manager Jimmy Dunn. An offer was made to donate 10 per cent of the gross receipts to charity. Dunn said Kilbane already had agreed to accept $10,000 from Tom McCarey to fight the next championship battle in California.

ONLY FOUR HOLD OUT ON STOGIES

Men Are Lining Up Rapidly and All Will Soon Be In.

AGNEW IS BUCKING

Wheeling, W. Va., March 19.—There are now only four unsigned men on the Stogie roster, Harry Hardy, Ted Strood, Sam Agnew and Peg Bemis. None of the four, with the possible exception of Agnew, may be classed as a holdout. Agnew has not asked for more money than the figures in the contract call for, but has written that he does not desire to come this far east. He played last year in the Western league, but his home is at San Bamardino, Cal., and this year he would like to get back to the coast. He is willing to come as far east as last season, but no further, so Manager Anderson may trade him to a club in the Western league.

Ted Strood, the third sacker just secured from Canton, has already signed with that club, so no difficulty is anticipated in getting him to sign here. A Wheeling contract has been sent him more as matter of form than anything else, as the Canton contract would have been sufficient.

No news has been received from Peg Bemis, the heaver, bought from Evansville along with Byrnes and Murray. Whether he will consent to play here or not is a mystery. And whether he could make good, if he did consent, is another. Harry Harday's effort last season was very poor, and the management would not be seriously dismayed even if he did not sign.

Strood appears to be more vital to the success of the team than any other pastimer in the lot. But he is also closer to signing than any of the others. So it does not now appear that Manager Anderson is going to be seriously troubled by holdouts this year.

It has been announced by the local management that Earl Hewitt, the outfielder from Bethel, O., would hardly be with the club this year. It will be remembered that he played around Cincinnati last season and was highly recommended by Roudebusch, an attorney there, who formerly played second for the Smokes. Hewitt has written in that he does not want to report. He has probably gotten cold feet after looking over the Smoke roster.

Manager Anderson stated today that he might play Emmet Moren of Clarksburg, in the outfield. Moren was signed as a first sacker on the recommendation of "Bull" Smith, the former Stogie gardener.

Moren played last season on Smith's Clarksburg Independents, and made a record at whaling the ball. If he shows any speed at all, the "Goat" thinks he will let him take a whack at the outfield.

SYNDICATE SCOUT TELLS STORIES

Kerry Patch and Goose Hill, two St. Louis districts that supplied a big part of the attendance at the St. Louis ball park, when Louis Heilbroner, syndicate scout, was secretary of the club, also supplied a lot of baseball stories and these are some of them as related by the former secretary:

"Patsy Tebeau used to have a grand time trying to please the Irish from Kerry Patch and Goose Hill and the Germans of St. Louis at the same time. Patsy was Irish and he naturally leaned towards Harps for his club. One year the team wasn't going very well and Patsy was between the devil and the deep blue sea all the time while he listened to the remarks of his friends in the bleachers. Patsy saw he would have to do something to get a little peace, so he fired Krueger back to the minor leagues. The fellow he got for his place wasn't much of a ball player, and the first time he had a rotten day the Germans turned lose on Patsy.

"'Where's Krueger?' they shouted. 'What did you fire Krueger for?'

"Patsy was furious when he turned around to his tormentors in the bleachers. 'I fired Grueger because he was a German,' he shouted, and tore for the bench to avoid the shower of pop bottles that followed his remark.

"If those bugs had raved only when they were at ball games the lives of Frank Deflass Robison, Tebeau and others connected with the club would have been a bed of roses compared with to what they actually were. But the bugs seemed to keep bunging twenty-four hours a day. There wasn't an hour of the day that some of them didn't call at the baseball office and create a disturbance over the players.

"The Kerry Patch Irish were particularly bad in this respect. The year I have reference to, the team was going about as bad as it could possibly have traveled, and Robinson and Tebeau were never free from the clamorings of the bugs. Things came to such a pass that the men behind the club were desperate. Getting better ball players than they had was an almost hopeless task. Tebeau finally hit upon a solution that ended their troubles from the fans. It worked like this:

"Every fan that came to the office kicking generally lodged his protests against some particular player. They didn't kick against the whole team. Each picked out some player for the goat, and blamed the poor work of the entire team on him. When a bug came around and kicked Patsy would put up his blandest smile and say: 'Now, look here; we know this guy is as rotten as you say, but what are we goin' to do about it? If you can dig us up a player to take his place we'll give you $500. Mind you, he won't have to be a better player than this guy you're knocking. All he has to be is a player. We'll give him a trial the day you fetch him around and pay you your $500 before he goes on the field.'

"That made the bugs happy. They left the office sure they'd have the coin before the next game, but the funny part about it is that not one claimed his reward. Robison would stand out in front and watch for these kickers as they came to the park. 'Where's that player you were going to get us?' he would ask.

"'Oh, never mind, I guess that guy you've got ain't as rotten as I thought he was,' the fans would answer nine times out of ten.

"That little ruse saved Robison and Tebeau from the booby hatch that summer, and they'd have both gone there sure if the kicking had kept up.

"Tebeau was a wonder in more ways than one. One year his team came down the stretch only a few games back of first place, but still they didn't have much of a chance of finishing on top. Patsy sat up all night one hot evening figuring out all the percentage possibilities of the pennant race. The next day he called each baseball writer aside.

"'Now I don't want to get mixed up in this any way, but I've been figuring a little and I find we have a chance at the rag,' he would tell each one. 'You see it's like this.' Here Patsy would drag out a set of possibilities that showed his team had a chance for the bunting.

"'You can use these as your own if you want to, but don't let it be known that I gave them to you. The players might think it queer of me,' he would warn.

"The next day every paper in St. Louis came out with a pennant possibility table, and each was different. The writers naturally defended their figures the following day, and in a couple of days the whole town was split up. Fans who swore by the Republic fought deadly battles with Post Dispatch bugs, who called the Republic's statistician a liar, and so it went. They fought in saloons, on street cars, at the ball park, in the streets and everywhere. It was one grand melee while it lasted, and came to an end only when the club was entirely out of the running for first place and every paper in town agreed upon it."

SAYS HE'LL QUIT GAME.

"Red" Schultz Has Annual Attack and Threatens to Retire.

Zanesville, O., March 19.—"Red" Schultz has given out that he had rather couple and switch cars on the Kansas City Southern railroad at $70 a month than play baseball here at more than twice that much.

The management is not worried. Schultz will be in line all right. He asked more pay than he got last season, but nothing in his record entitles him to it and he will not get it.

Former Heavyweight Champion Would Like First at Palzer.

New York, March 19.—If Carl Morris or any other beaming "White Hope" wants first whack at Al Palzer he will have to hasten. None other than Thomas Burns, one time holder of the heavyweight championship, has pushed himself in the limelight and has announced that he wants first crack at Palzer.

SUNDAY AND HOLIDAY LEAGUE.

Wabash, Ind., March 19.—Eight men, representing the six cities of the Northern Indiana Sunday and Holiday Baseball league met at the Tremont hotel here Sunday, elected officers and worked out a schedule for the season.

In the election of officers, K. W. Schneider of Wabash, was chosen president, and Arthur Haman of Huntington, secretary and treasurer. The games will start May 5, and end on September 2. Another meeting will be held April 14 at Wabash to determine the ball to be used, the umpires and other things about the league business.

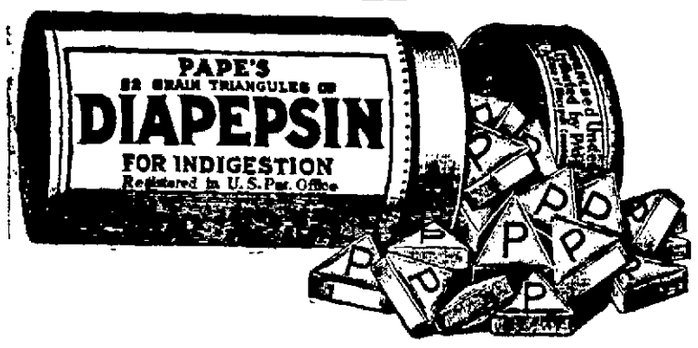
A FEW DIAPEPSIN WILL REGULATE A BAD STOMACH IN FIVE MINUTES

It is so needless to suffer from Indigestion, Dyspepsia, Heartburn or a sour, gassy, upset Stomach.



"Really does" put bad stomachs in order—"really does" overcome" indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that—just that—makes Pape's Diapepsin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour, undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment Diapepsin comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diapepsin will give you a hundred dollars' worth of satisfaction or your druggist hands you your money back.

It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or at night. It's the quickest, surest and most harmless stomach doctor in the world.

WILL CELEBRATE ITS ANNIVERSARY

Friendship Division, G. I. A., Will Be 24 Years Old Friday.

RELIEF UNION TO MAKE GREAT CHANGE

Electricians' Benefit Order is Considering Revision of By-Laws.

Twenty-four years ago Friendship division, No. 18, Grand International Auxiliary to Fort Wayne division No. 12, Brotherhood of Locomotive Engineers, was organized and it was instituted and the first meeting held March 21, 1888. Next Friday will be the anniversary of that important event, which is to be appropriately commemorated by the auxiliary ladies. They are now making preparations for a six o'clock dinner, which will be followed by speeches by the charter members now in that auxiliary, by musical numbers and other entertaining features. While the inadequacy of the hall makes it impracticable to issue a general invitation the ladies have invited the members of division No. 12 and their families and there will be a good attendance. Mrs. Harry Tourgee, the chairman of the committee on entertainment, announces the following program:

History of the Auxiliary.

The Grand International Auxiliary to the Brotherhood of Locomotive Engineers was the first organization of its character in the world. It had its origin in Chicago in 1887, where ten women, wives of B. L. E. men, banded themselves together in an association whose "aim and purpose should be to combine and promote fraternal love and sociability within the families of its members and render necessary assistance in times of affliction and trouble." Charity was to be a duty of the auxiliary and the manner in which the widows and orphans of the deceased members of the Brotherhood of Locomotive Engineers have been cared for illustrates the importance the members of the auxiliary attach to this part of their work.

Division No. 18 had forty charter members and six of them are still members of the division and take active part in its work. They are Mrs. Chester Durnell, Mrs. W. H. Gates, Mrs. Max Horning, Mrs. Harry Rogers, Mrs. C. C. Adams and Mrs. W. L. Scott. The first officers were: President, Mrs. William Barden; vice president, Mrs. William McPhail; secretary, Mrs. Chester Durnell; treasurer, Mrs. Thomas McGuire; chaplain, Mrs. B. E Doty; guide, Mrs. Joseph Studer, and sentinel, Mrs. George Patterson.

The auxiliary now has ninety-seven members and the present officers are: Past president, Mrs. M. G. Walker; president, Mrs. C. F. Somers; vice president, Mrs. W. H. Gates; secretary, Mrs. C. G. Rhodes; treasurer, Mrs. Chester Durnell; insurance secretary, Mrs. Eber Blanchard; chaplain, Mrs. Frank Rogers; guide, Mrs. D. S. Todd; sentinel, Mrs. William Crowell; chairman entertainment committee, Mrs. Harry Tourgee, and chairman of executive committee, Mrs. Grant Rhodes.

The Best Cough Syrup is Easily Made at Home

Costs Little and Acts Quickly. Money Refunded If It Fails.

This recipe makes a pint of cough syrup, and saves you about $2.00 as compared with ordinary cough remedies. It stops obstinate coughs—even whooping cough—in a hurry, and is splendid for sore lungs, asthma, croup, hoarseness and other throat troubles.

Mix one pint of granulated sugar with ½ pint of warm water, and stir for 2 minutes. Put 2½ ounces of Pinex (fifty cents' worth) in a pint bottle, and add the Sugar Syrup. Take a teaspoonful every one, two or three hours. Tastes good.

This takes right hold of a cough and gives almost instant relief. It stimulates the appetite, and is slightly laxative—both excellent features.

Pinex, as perhaps you know, is the most valuable concentrated compound of Norway white pine extract, rich in guaiacol and the other natural healing pine elements.

No other preparation will do the work of Pinex in this recipe, although strained honey can be used instead of the sugar syrup, if desired.

Thousands of housewives in the United States and Canada now use this Pinex and Sugar Syrup recipe. This plan has often been imitated, but the old successful formula has never been equaled. Its low cost and quick results have made it immensely popular.

A guaranty of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex, or will get it for you.

The third new feature, Mr. Alexander designates the "social feature." It contemplates dividing the membership into sections with a maximum number of 150. These sections will give entertainments, such as dances, ice cream parties, etc., at which small admission is charged and the proceeds placed into the sick benefit fund. In this way some of the sections of the Lynn association have earned sufficient sums to defray expenses and release the members from the monthly assessment. The rule is to fix the minimum reserve fund at $200 and to use all surplus above that amount in paying sick benefits.

No action was taken on the constitution and by-laws last night, the committee believing it best to give time for the members to consider the proposed changes. If the change is made it will be accomplished by a change in name also and the union will be known as the Mutual Benefit association of the Fort Wayne Electric works. It will exclude from membership all not in the employ of the company, but all employes will be eligible to membership irrespective of their physical condition. The Lynn association collects a membership fee of ten cents where collection is necessary. Mr. Alexander also told his hearers how the benefit association realized from dedications of new buildings. When one of the big additions of Lynn was completed, the association was allowed to give a dance in it and from this entertainment their funds were increased to the amount of $700. This feature could be advantageously handled here the coming summer, for the big factory building will be completed in a few weeks.

NO CONGESTION THERE.

Pennsy Western Division Has Every Car Moving.

"The Western division is in better shape this morning than at any previous time since the holidays," said one of the Pennsylvania officials this morning. "Freight is moving freely, none of the sidings are blocked and passenger business is good," continued the official. From another source it was learned that yesterday between 1,000 and 1,200 westbound cars, nearly all of them loaded, were received at Crestline by the Western division. This is considered a heavy movement.

CONDUCTOR DANGEROUSLY ILL

Maurice Prindeville Has Hemorrhage of The Brain.

The local Pennsylvania officials have been advised of the serious illness of Maurice Prindeville at his home in Chicago. He has suffered a severe hemorrhage of the brain and his condition is said to be very critical. Mr. Prindeville has been in the train service on the Western division of the Pennsylvania a third of a century and the greater part of that time has been in the passenger department. For a number of years he has had charge of trains 48 and 15 between this city and Chicago.

MANY REPORT FOR WORK.

The absentee lists of Pennsylvania engineers and firemen is the smallest today of the past two or three months. This is the result of many engineers and firemen who had been off duty on account of sickness or other reason reporting for duty today. Included among them are Engineers P. Kelliher, J. A. Zellers, P. Broderick, J. F. Milner, H. R. Tourgee, J. E. Gackins, D. Balzell, C. F. Keim, F. M. Jamey, J. Burns J. Maloney and F. W. Bandt and Firemen C. C. Durnell, R. W. Woodward, C. F. Manship, F. H. Tait, H. F. Briggs, C. L. Jordan, S. J. Dill, R. W. Revert, G. W. Grodrian, A. W. Mier, V. C. Jones, D. Tucker and J. J. Kilkeller.

BLOW FROM UNKNOWN SOURCE.

While Engineer A. M. Walsh was manipulating the throttle of the second engine on the Pennsylvania Flyer, No. 29, last night, some thing come through the cab window and struck him on the forehead, cutting a gash two inches long. What the missile was and from whence it came Mr. Walsh has been unable to discover, but he has come to the conclusion that it was hurled at the train from some along the track or was picked up by the wheels of the front engine. The wound is painful and will cause Mr. Walsh to lay off a few days.

STILL CRITICALLY ILL.

There is little if any improvement in the condition of Frank Meyers today and his friends are greatly disturbed over it. Mr. Meyers underwent two surgical operations inside of a week. The first was for the removal of a growth from his neck and the second was for the removal of his appendix, which had burst before the operation was performed. Mr. Meyers is a pipefitter and a member of the Pennsylvania shop league ball team. He is at St. Joseph hospital.

STRICKEN WITH PARALYSIS.

The Kendallville Sun publishes the following concerning a former resident of Fort Wayne, who moved to Rome City about ten years ago: John E. Long, of Rome City, a retired engineer of the Pennsylvania, suffered a stroke of paralysis at his home in that place Friday evening about 10 o'clock. His entire right side was effected. He was still in a state of unconsciousness today and little hopes of his recovery prevail. He is 76 years old.

WILL DANCE AND PLAY CARDS.

Nickel Plate division No. 513, Auxiliary to the Brotherhood of Locomotive Engineers, will be hostesses at a pedro party and dance at B. L. E. hall, corner of West Main and Cherry streets, this evening. The ladies who have charge of the affair arranged an interesting program and will have six prizes for the pedro players. Mrs. H. Reed is chairman of the entertainment committee and she will be assisted by Meadames C. Bromelmeier, F. Baldwin, P. Donehue, O. Sherer, R. Crapser, Mary Moore and T. E. Short.

Hint "Sweatnomore."

Just hint "Sweatnomore" to your friend with the sweating, foul-smelling feet. He's intolerable when in your company, but he can't help it. He suffers more than you do: he keeps his feet clean and changes hose daily, but that don't stop excessive sweating feet. Pity him and throw him a hint. Sweatnomore is a powder differing in purpose from any other foot remedy.

It was originated for just one purpose—to stop excessive sweating feet and destroy the terrible odor. It does it every time absolutely. Incidentally it gives other relief, too. Removes tiredness of feet, stops aching and helps relieve soft corns. But the sweating is what you want cured. "Sweatnomore" restores normal, healthy conditions. Sold by your druggist, or he can readily get it from the wholesale firms.

Man With Sore Feet Spends $700.00 on Them—A True Story.

Vouched for by Levengood and Strickler; druggists of Latrobe, Pa.

"Here is one of the greatest testimonials I have ever heard.

"George Umoltis, from Atlantic No. 2, a coal plant near here bought two packages of EZO, and in about three or four weeks he came in and told me that he wanted to have it advertised, and said I am willing to pay all charges, because I want the people to know how good it is. He told me that for 7 years he hadn't stood on his feet, he spent $700.00 for doctor bills, and he only used one package of EZO, and can run and jump like a boy. He was all smiles about EZO."

Meyer Bros. Co., Four Drug Stores, sells EZO, a refined ointment for sore, aching, weary feet for 25c a jar.

INTRODUCING NEW LUBRICATOR

A. D. Ambrose, who represents the Cresent Oil company, of Indianapolis, will spend the week at the Pennsylvania shops and round house demonstrating the merits of "acqualene," a water soluble oil recently brought out principally for use on National Acme automatic screw machines. Mr. Ambrose resides in Pittsburg.

TO ITALY FOR HIS FAMILY.

Louis Nono; an industrious Italian who has been employed in the Pennsylvania shops as a helper for two or three years, obtained a leave of absence today and will leave tomorrow for Italy to get his wife and four children, whom he has not seen for three years.

OPERATOR IS PROMOTED.

C. A. Kinsey, for some time the second trick operator at C. D. tower in the east end of the Wabash yards in this city, has been called to a higher position in the main office at Peru. He is succeeded at C. D. tower by Ed. Hefflefinger.

MRS. DURNELL VERY SICK.

Mrs. Durnell, wife of Passenger Engineer H. A. Durnell, of the Pennsylvania, is very sick, with but slight chance for recovery. Mr. Durnell has been off duty as a result of her illness.

ATTENDING ENGINEER'S MEETING.

Guy Scott, of the Pennsylvania, is in Indianapolis attending a meeting of the division engineers of the Pennsylvania lines west of Pittsburg.

INDUSTRIAL NOTES.

A. Stege, John Wilhelm and J. W. Fletter, Pennsylvania shopmen, are sick and off duty.

Tony Miller, Beny Arugzda and Joseph Duda have taken employment at the east car shops of the Pennsylvania.

Machinist John L. Barry, who was off duty on account of some member of his family being sick, has returned to his work in the Pennsylvania shops.

O. R. Allen, C. A. Little and O. Blaugh, blacksmith's helpers, resignd positions at the Pennsylvania shops this morning to engage in other work.

Blacksmith F X. Miller, who had a finger crushed three weeks ago, was able to report for work at the Pennsylvania shops, this morning. C. D. G. Lahner who was taken sick with pneumania February 20, was also able to return to work this morning.

To meet the increasing freight traffic on the line, the G. R. & I. is borrowing some engines. Yesterday five big freighters belonging to the Pennsylvania were received by the G. R. & I. and placed in service on the line between this city and Grand Rapids.

WANTED VOTE RECORDED.

Washington, March 19.—Speaker Clark, when the house convened today turned the gavel over to Representative Boehne of Indiana and took the floor to ask the consent of the house to have his vote on the free sugar bill on Friday recorded. He declared he had voted against recommitment of the measure and for its passage. Supports of some of the rival candidates for the democratic nomination for the presidency are said to have insinuated that the speaker had eliminated his vote from the record Saturday in order to curry favor with delegates from the sugar producing states, which had fought the bill bitterly.

NEW ASSISTANT BAGGAGEMAN

Harry Dunlap has been appointed assistant baggagemaster at the Pennsylvania depot, vice Charley Winkley, who resigned a short time ago to engage in other work. Mr. Dunlap had been employed in another capacity at the depot for some time.

THE LYRIC THEATER.

The Lyric is showing "Nicholas Nickleby," a two-reel feature, made by Thanhouser. This story is to well known to need comment in these columns. Wednesday the usual Reliance feature, "Hide and Seek," and it is a thriller. Mae Kesler, cornetist, scored big Monday, as did Rose Denton singing and dancing act.

Maurice Niezer has returned from Battle Creek, Mich., where he was called by the illness of his father, J. B. Niezer. Mr. Niezer will go to Cleveland, O., Monday to attend a meeting of the executive board of the National Hay association, of which he is a member.

LIVE STOCK AND GRAIN MARKETS

HIGHER PRICES ON POTATOES

May Be Expected on Local Market — Little Grain Coming Into City.

TODAY'S QUOTATIONS

With wheat at 93c, oats at 50c and the present condition of the country roads, farmers are not coming into the city very rapidly now with grain and as a consequence the local market in that respect is very quiet. In fact this is the case with all kinds of country produce. Prices are unchanged from those of Monday. **Eggs**, at retail, remain at 20 cents but a downward tendency is shown in regard to butter. With the commission men the price is lower than that of last week.

More interest is being manifested in the potato situation. Prices are tending upward. There appears to be a limited supply. At any rate they are not coming into the city in any large quantities. Local dealers are expecting them to advance to $1.50 a bushel, as the wholesale price. The condition of the roads has sent the price of hay up on the local market. The quotation at the city scales Monday was $18 to $20 a ton.

One year ago at this time the farmers throughout this section were starting in to plant their oats. They are not doing so now, however, the ground being frozen to a great depth. This fact will make the harvest of oats considerably late this year.

The live stock market is in the same condition in regard to prices it has been for several days. Hogs are bringing $6 and $6.50 and the figures on cattle are unchanged.

GRAIN AND PROVISIONS.

Chicago Market.

Chicago, Ill., March 19.—Sentiment in the wheat crowd today leaned to the bear side but sellers were held in check by the firmness of foreign markets. May started at $1.01⅝ to $1.01¾, rallied to $1.01¾@1.02, but slipped back to $1.01⅝.

Corn strength and reports of French millers actively buying helped bring about an upturn. So did the big decrease in the world's available supply total. The close was steady with May ⅜c higher at $1.05.

Slowness of demand handicapped the corn market. May opened at 70½c to 70¾c and then sagged to 70⅜@70½c.

A material rise took place, owing to uneasiness about a possible extension of the feeding season. The close was steady at 71@71⅛c for May, ⅝@¾c over last night.

In oats there was little pressure by holders. May started ¼@⅜c up at 53c and seemed disposed to keep above 52¾c. Provisions rose with hogs. Initial prices with July delivery were $16.50 to $16.55, for pork, $9.70 for lard and $9.25 for ribs.

STOCKS AND BONDS.

The Day on Wall Street.

New York, March 19.—Yesterday's late buying movement was resumed on a fairly large scale at the opening of today's stock market. Advances included one point in Reading, Illinois Central and American Can preferred. Great Northern Ore Certificates were up 2 points with substantial gains in Union Pacific, Lehigh Valley, Rock Island, American Smelting, Amalgamated Copper and allied shares.

Trading in the early session was larger than in the same period of the previous day, and leading stocks were decidedly more active. Reading and Lehigh Valley were helped by the more conciliatory attitude of the coal owners. United States Steel was the most backward of the speculative issues. Early fluctuations were followed by the inevitable profit taking with the resultant recessions of a point in various issues. Bonds were irregular.

NEW YORK BOND MARKET.

New York, March 19.—Money on call, steady, at 2¾@2¾ per cent; ruling rate, 2¾ per cent; closing bid, 2¾ per cent; offered at 2¾ per cent.
Time loans, firm; sixty days, 3@3¼ per cent; ninety days, 3¼@3½ per cent; six months, 3@3¾ per cent.

There will be an important meeting of the "Taft Club" at the Anthony hotel, Thursday evening, March 21st, at 8 o'clock. All Taft men welcome. Bring a friend.

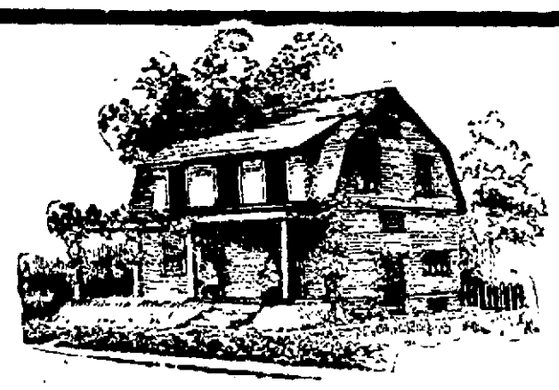
FOR SALE. REAL ESTATE.



WHY I BOUGHT A WILDWOOD HOME!

The first thing that struck my fancy was their real artistic beauty.

The Wildwood homes are built on simple lines, which are by **NO** means freakish. Their architectural plans are unique—but sane; different from the worn-out stock plans of the ordinary houses—built only to sell.

WILDWOOD HOMES ARE IN A CLASS OF THEIR OWN

On looking over their properties, I found: Superior location, showing that they had used good business judgment in selection. Rapidly growing neighborhood with natural advancing value of the property. I also found that their holdings increased the value of their surroundingss.

WILDWOOD HOUSES ARE COMFORTABLE HOMES

Best material in construction, first-class workmanship, high-grade plumbing, best furnace, extra good lighting, splendid ventilation, plenty of closet room and convenience, are some of the cardinal points.

THE WILDWOOD BUILDERS MAKE GOOD

After carefully comparing values of other offerings and closely figuring the cost of building, I found that by reason of their foresight in acquiring real estate before the advance in price and their facilities in buying building materials in large quantities, operating their own lumber company, that they could and actually did

SELL FOR LESS MONEY THAN I COULD HAVE BUILT

Without counting the loss of my time in looking after the details, to say nothing of bother and worry.

THEIR PLAN OF BUILDING IS A SUCCESS

Their titles are guaranteed and they are backed by a strong organization of Fort Wayne's leading business men. I take great pleasure in recommending the **WILDWOOD BUILDERS** to all who are tired of the renting system and want to own their own home.

I am glad of this opportunity to speak a word of praise for this **WORTHY ORGANIZATION.** I am doing this without even a hint or word of solicitation.

THIS SHOWS MY SINCERITY

Suburban Properties

Look over this list carefully. This stuff is mine, and every bit of it first class. You deal direct with the owner.

Four 10-acre garden tracts, three 5-acre garden tracts, one 10-acre garden tract with good set of buildings. All within 4½ miles to our city market, and very convenient to interurban station. These tracts are especially suitable, too, for poultry farms.

One extra fine three-acre tract with fine set of buildings within five minutes to city cars. One very fine 5-acre tract, and some especially desirable acre tracts very convenient to city car.

I have also purchased a very beautiful large tract, especially finely located right at interurban station, beautiful surroundings and neighborhood, just a little ways out of the city. With excellent auto drives into the city. I shall cut this tract up and develop it with a view of making it a fashionable suburban residence addition.

THREE SLAIN IN RUNNING BATTLE

Convicts Dowd and Taylor and Innocent Youth Shot Down.

OTHER MAN GIVES UP

Omaha, Neb., March 19.—Two of the convicts, John Dowd and John Taylor, who escaped last Thursday from the state penitentiary at Lincoln, and Harry Blunt, an innocent victim of their murderous attempt to gain liberty, are dead as the result of a battle between the bandits and officers of the law yesterday afternoon.

Charles Morley, the third member of the trio which escaped from the state prison after killing three officials of that institution, saved his life by surrendering to the officers with whom he had fought a running battle over two and a half miles of country with horses on the gallop.

The three escaped convicts were within striking distance of the hoped for goal of safety when the final struggle for liberty occurred. They had covered the stretch from Lincoln to within ten miles of the Omaha city limits, where they had expected to receive the protection of friends.

Operator Sends Report.

Early in the day the telephone operator at Gretna, about fifteen miles south of this city, reported the presence of the desperate men. It had the result of bringing to the vicinity six organized posses. They included one from Omaha, another composed of Sheriff McShane and his deputies of this county and a third made up of Sheriff Hayes and his deputies from Lincoln. Sheriff Chase, of Sarpy county, with his deputies, was also within striking distance and South Omaha sent two posses under Chief of Police Briggs. The Gretna company of militia was also early on the scene.

Omaha Posse Wins.

Chief Briggs, of South Omaha, and his deputy, John C. Trouton, were leaders in the party which finally overtook and vanquished the three convicts and shot an innocent victim of the desperate dash for liberty. Briggs left this city on an early morning special train with several Omaha police officers. They left the train at Springfield about fifteen miles south of here and there learned of the movements of the convicts. The men had broken into a store at Murdock, between this city and Lincoln, and stolen guns, ammunition and clothing.

It was learned that the men were on their way north with Albright, an Omaha suburb as their destination.

Reach Blunt Farm.

Chief Briggs secured a fast livery team at Springfield, Sheriff Chase had a good span of horses and Sheriff Hyers, of Lincoln, also joined the party. Three miles out of Springfield the posses learned that the convicts had forced James Blunt and his wife to give them breakfast and to furnish a team and wagon, with which they hoped to escape to Albright, compelling Blunt to act as driver. The chase began at once, the rural telephone playing its part in the chase, as by its use the pursuers were able to learn from farmers along the route of the progress of the convicts.

Pursued at Gallop.

Reaching a point eight miles from here, the officers caught up with the vehicle carrying the convicts near Mowinkle school. Young Blunt was compelled to lash his horses into a run, but the officers kept up the pursuit until they were within a few hundred yards of the fleeing desperadoes. Then Chief Brigg's driver balked and refused to drive further. Briggs himself grasped the reins and whipped the horses into a gallop.

When they were within a hundred yards of the pursued men, Briggs and Trouton opened fire with their rifles. From that time until Morley finally surrendered, it was a dashing fight over three miles of rough country roads.

Finally, there came a halt when young Blunt toppled back into the wagon, the victim of a bullet. Chief Briggs instantly jumped from his buggy and, taking deliberate aim, fired at the men in the wagon. Meantime other members of the posse came up and joined in the fusilade.

Lone Survivor Surrenders.

Chief Briggs shouted to Morley to drop his weapon or he would meet instant death. Morley, who held aloft a big revolver, dropped it and Briggs ordered him to come forward with his hands up. This Morley did and Briggs took a second revolver from the man's pocket.

Not knowing just what had happened, Briggs demanded of Morley the surrender of the other men in the wagon.

"They are all dead," declared Morley.

Briggs then went to the wagon, taking Morley with him and found the lifeless bodies of the victims of the battle.

The bodies of the convicts were turned over to Sheriff Hyers, of Lincoln and that of young Blunt to his family. Hyers took Morley back to Lincoln on an afternoon train.
